December 2014 Explanatory Notes

This Indicator Report provides a monthly snapshot of the regional response to the South Sudan Situation. The indicators included report on the Post 15 December 2013 South Sudan caseload only. The report is prepared through collaboration with the reporting country and the Regional Support Hub, Nairobi.

The notes below provide further contextual information on various sector indicators:

REGISTRATION

- Only level 2 registration is done in Kakuma.

CHILD PROTECTION

- Every week, the child protection data changes as new arrivals come in; some unaccompanied children are later reunified with their families hence changing their status.

EDUCATION

- In Kakuma the education coverage at all levels is very low: pre-primary are only 26% of eligible children (those aged between 3-5 years), primary education coverage for the age group of 6-13 is at 46% and 2% for secondary education

HEALTH

- No maternal deaths reported
- The average CMR and U5 mortality rates were <0.05 and <0.2 respectively.

NUTRITION

- 265 children were screened for malnutrition upon arrival during the reporting period, with 75 children presenting with acute malnutrition. A nutrition survey has been conducted in November and results will be available in January.

ACCESS TO ENERGY

- Only 20% of the required ration of firewood is distributed to beneficiaries due to lack of sufficient firewood.
