Summary

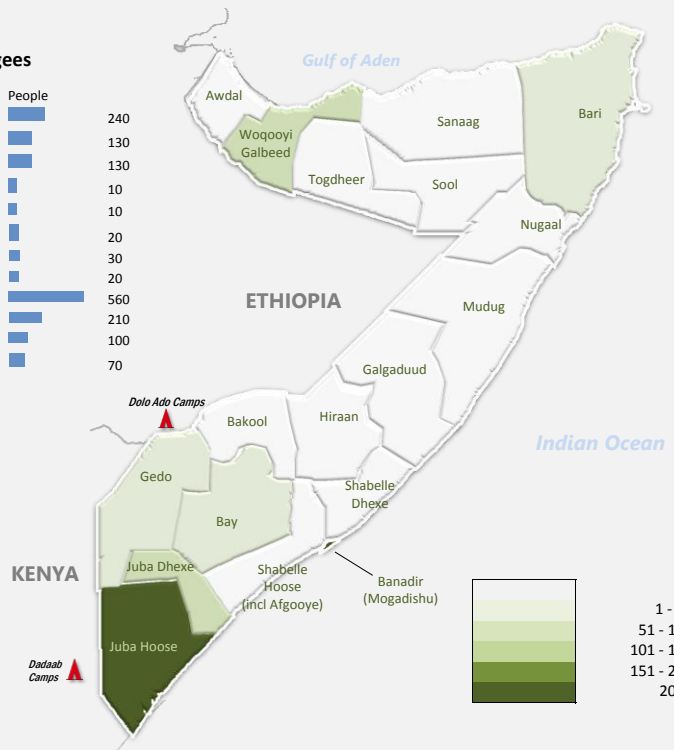

PRMN is a UNHCR-led trend analysis project that aims to monitor movements of displaced populations into and within Somalia. On behalf of UNHCR, NRC and 36 local partners in the field in Somalia (South Central regions, Puntland and Somaliland) are collecting data through interviews with refugee and IDP returnees, and with IDPs and host communities conducted at strategic locations along travel routes. Reports are verified and published by UNHCR to broaden insight into movement trends for analytical and programmatic purposes.

Cross-border Movements
According to PRMN interviews, Woqooyi Galbeed region in Somaliland remains the preferred transit area for population movements from and towards Ethiopia for immigrants going to Europe and the Middle East. A progressive increase in population movements has continued to be recorded in Woqooyi Galbeed since January 2015.
Movements of displaced populations recorded in the Juba Dhexe, Juba Hoose and Bay regions during this period were mainly refugee returns from Garissa in north eastern Kenya, to villages of origin in Somalia. Most population movements into Somalia from Saudi Arabia during the period were forced returns organized by the Kingdom of Saudi Arabia.

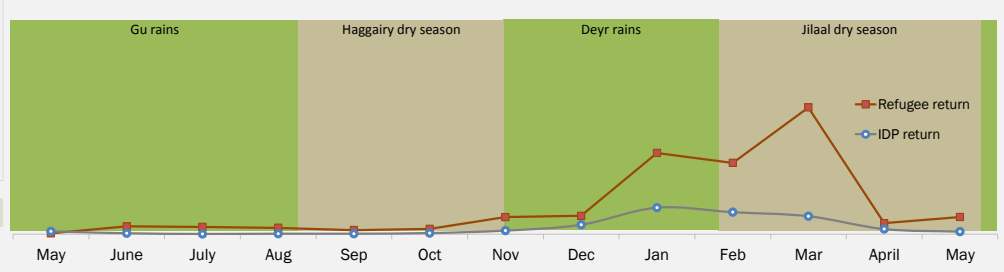

Refugee Returns
During this reporting period, 1,519 returnees were interviewed during their return journeys from neighboring countries in the region. The refugee returns included 965 persons from Kenya, 407 from Yemen and 147 from Ethiopia.
IDP Returns
A total of 226 formerly displaced persons were interviewed as they returned to their villages of origin from other areas of Somalia. The majority of interviewees were former IDPs returning to Marka (52), Baraawe (39), Wanla Weyn (10) and Kurtunwaarey (6) districts respectively in Shabelle Hoose region. Other regions which recorded IDP returns were Bakool, Banadir, Juba Dhexe and Juba Hoose. Tayeeglow (27) and Waajid (3) districts in Bakool, Wardhiigley (22) and Haliwaa (10) districts in Banadir, Baydhaba (10) and Buur Hakaba (5) in Bay, Saakow (19) districts in Juba Dhexe, Balcad (6) Shabelle Dhexe and Kismayo (17) districts in Juba Hoose.
