JORDAN: RRP5 Update - September 2013

SHELTER

RRP5 TARGET

(assumes 1 million refugees by end 2013)

300,000 persons
increase absorption capacity in camps

8,160 dwellings
repair or rehabilitate in urban areas

65,066 of shelter
develop in camps

69,242 tents
distribute to new arrivals

27,637 pre-fabs
distribute to refugees

Current Planning Figures

529,839
Total Persons of Concern as of 1 October 2013

197 M
USD required budget

NEEDS

In the original RRP5 planning, some one million Syrians are expected to seek refuge in Jordan by the end of 2013. Out of this, it is assumed that around 700,000 refugees (roughly two-thirds of the overall refugee population) will seek refuge in the urban and rural context while the remainder will be accommodated in camps. Currently there are 515,000 refugees registered in Jordan.

The humanitarian response mainly focused on providing emergency / transitional shelter, basic services and infrastructure in planned camps, on rehabilitation works in shared accommodation and on cash assistance for rent. By achieving this task, assistance ensured dignity, comfort and access to a minimum standard of living conditions. Activities included investment in land development, construction of basic infrastructure, distribution of materials for winterizing shelter, replacement of damaged tents, allocation of prefabricated units, design and implementation of weather mitigating shelter solutions for

OBJECTIVES

Adequate shelter solutions are available for refugees from Syria and other displaced

ACTION/OUTPUTS

1. Ensure access to adequate space for transit centre works, for camp site development works, for construction of basic infrastructure and for implementation of essential community facilities
2. Syrian refugees in camps and transit centres have access to adequate shelter guided by minimum humanitarian standards
3. Camp management is assisted with maintenance and upgrading interventions for shelter and basic services provided for Syrians
4. Vulnerable Syrians outside of camps have access to adequate shelterpersons

KEY SEPTEMBER DEVELOPMENTS

- Shelter Sector endorsed the WGs final Shelter Strategy draft for Syrian refugee s in Jordan
- Sector WGs – Shelter, Cash and CRI – met to discuss and agree on Sector-related RRP6 objectives, outputs, and indicators to ensure coordinated activity and budget planning
- NRC completed the construction of 200 pilot T- shelter units for Syrian refugees in Azraq camp and adopted the Shelter WG approved design for the contract based implementation works

ACHIEVEMENTS TO DATE

8,514,560 m2 of camp space developed in 2013. Total camp absorption space for 166,300 people in 2 camp sites and 2 transit centre sites

33,260 shelter plots developed for settlement of Syrian refugees in camps (of which 3,695 plots developed in September)

59,838 tents in camps provided (2,054 tents for 7,093 beneficiaries in September)

1326 home adaptations funded with beneficiaries identified. Additional 300 dwelling units constructed in unfinished properties of urban settings (i.e. 300 dwelling units in September)

15,374 shelters in camps supported with winterization materials

12,044 prefabs distributed and 200 T – Shelter units constructed in camps (i.e. 200 prefabs distributed and 200 T- shelter units constructed in September)
