For more information please consult: <http://data.unhcr.org/syrianrefugees>

The location data of refugees is based on an extrapolated sample of 41,856 Syrian households with known locations.

The boundaries and names shown and the designation used on this map do not imply official endorsement or acceptance by the United Nations.

### 9. Number of school aged Children in Jordan (Source: UNICEF)

# 10. Assessments Included in the DAT Matrix (as of 8 December 2013)

The following 132 assessments had been entered into the DAT Matrix as of 8 December 2013. The full matrix includes information about the assessment methodology, sample size, targeted population, location, relevant sectors, contact information for the agency that released the assessment and a web link to download the assessment. The matrix is also searchable and can be sorted by date, agency, relevant sector, target population, location or any other characteristic entered into the matrix. The complete matrix can be found at [data.unhcr.org](http://data.unhcr.org).
