## OBJECTIVES

- Population has sufficient basic and domestic needs (NFIs)
- Support to persons with specific needs provided (NFIs)
- Logistics and supply optimized to serve operational needs (Logistics)

## KEY DEVELOPMENTS

The procurement process of 240,000 high-thermal blankets for winterization assistance by UNHCR is almost complete. All arrived in Mersin Port and are under customs clearance process.

Delivery of the 23 mobile registration/coordination centres for AFAD by UNHCR is on course. During December, 7 of the centres were delivered to AFAD, a total of 14 delivered so far. 11 additional mobile registration/coordination centres are in production process and will be delivered to the Directorate General of Migration Management in January.

An additional 13,800 electric heaters were delivered to UNHCR Central Warehouse in Gaziantep. 5,300 units of these heaters were distributed in 6 camps to counter the winter conditions.

Of the 316 dish washing containers procured, 34 have so far been delivered and 100 still at the supplier's warehouse, waiting for the location information from AFAD.

Through a frame agreement, 2 million winter clothes for Syrian refugees are in tendering process.

On the 18th of December, IOM received an in-kind donation of 10,000 mattresses and 10,000 blankets from the Government of Japan. In coordination with AFAD and Turkish Red Crescent, the items were provided to Viransehir camp to be distributed based on needs identified. During the same period, IOM and local partners began the distribution of winterisation items in Kirikhan, Hatay province. 450 blankets were distributed to 179 families (consisting of 913 individuals)

The Government of Turkey takes the lead role for determining and implementing assistance provided to Syrian refugees, through the Prime Ministry Disaster and Emergency Management Presidency (AFAD). AFAD reports spending over 2 billion USD on the Syrian Refugee Response in Turkey.
