Overview:

This maps shows the location of WASH Activities within the 225 most vulnerable localities and at a general cadastral level since January 2014. Partner names are provided where there is a WASH presence. Where there is no WASH presence and the site is inside the 225 vulnerable localities, the location name is given.

Data Sources:

- The WASH Sector Data are based on Activity Info Reporting.
All data used were the best available at the time of map production.
