

Regional Response Plan 6 – Mid-Year Review – Lebanon

Key facts and figures

Populations

Population type	Current figures (registered and awaiting registration)	RRP6 Planning figure (31 Dec. 2014)
Syrian refugees	1,115,000	1,500,000
Palestine refugees from Syria (PRS)	52,300	55,000
Lebanese returnees	17,500	50,000
Affected Lebanese	1,500,000	1,500,000

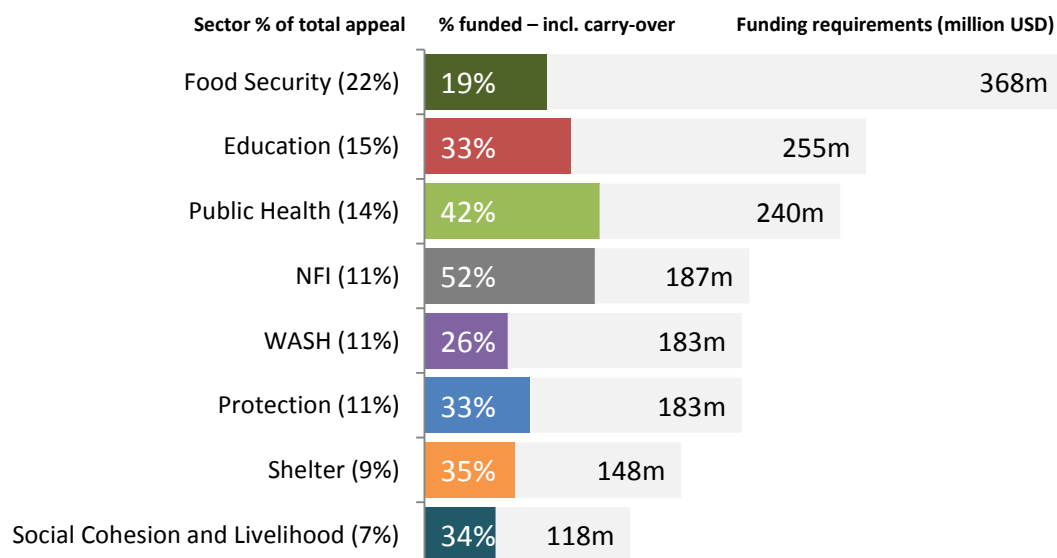

Key Statistics

- Lebanon hosts 38% of Syrian refugees in the region – more than any other country.
- 1 in 5 residents is a refugee, and refugees live in some 1,700 locations throughout the country.
- 53% of refugees are children.
- Approximately 86% of refugees live in localities with the highest concentration of Lebanese living in poverty.
- At least 40% live in substandard shelters (unfinished buildings, worksites, garages) and informal settlements.
- Cost of Syrian crisis to Lebanon: USD 7.5 billion by end 2014 (World Bank/UN - ESIA).

Lebanon Budgetary Requirements

Inter-agency response	USD 1.52 billion
Government of Lebanon	USD 0.17 billion
Total	USD 1.69 billion

RRP6 Funding level (1 June 2014) **23% including GoL**

RRP6 Mid-Year Achievements

- 247,892 Syrian refugees have been registered, and 1,703 PRS have been recorded allowing refugees to access protection services.
- 106,752 persons benefited from improvements to insecure dwellings and were able to survive the winter.
- 250,000 were assisted with shelter in the form of renovation, rehabilitation, emergency cash for temporary shelter and cash for rent.
- Syrian refugees and vulnerable Lebanese redeemed more than USD 101 million in the form of e-cards and vouchers for food.
- 395,000 primary health care consultations at public and mobile health clinics allowed refugees and vulnerable Lebanese to access basic treatment and preventive health care.
- 140,000 children were enrolled in formal education and 65,000 children participated in non-formal learning programmes. Tens of thousands of children received psycho-social support instrumental to coping with their new challenging lives.
- 150 community support projects, such as garbage trucks, septic tanks and rehabilitation of schools, implemented to alleviate pressure on service delivery and reduce social tensions.

RRP6 Priorities

Life-saving or preventing immediate risk of harm

- Newcomers receive immediate core relief items and food.
- Prioritized identification of vulnerable cases for immediate referral to the appropriate service provider.
- Food assistance provided to 75% of refugees and vulnerable Lebanese.
- Life-saving health interventions, such as secondary healthcare for obstetrics.
- Refugees receive assistance to protect their shelters from harsh weather conditions.

Preventing deterioration of vulnerabilities

- Older persons, persons with disabilities and other groups at risk are thoroughly assisted.
- Persons who risk resorting to harmful behaviour (e.g., survival sex, early marriage and child labour) to survive are supported.
- Refugee volunteers and community focal points are mobilized to promote the services available to refugees and poor Lebanese.

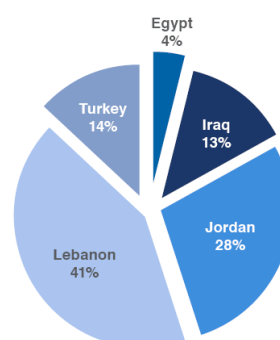

Strengthening capacity and resilience among refugees and host communities

- Public systems and infrastructure are strengthened.
- More permanent income generating and peace building opportunities are made available to vulnerable individuals.

Regional Overview (Excluding Government Appeals)

USD 3.74 billion requirements

Country	Total in USD
Egypt	141,977,106
Iraq	474,040,412
Jordan	1,014,530,914
Lebanon	1,515,491,900
Turkey	497,290,571
Regional	97,323,798
Grand Total	3,740,654,701
