

RESETTLEMENT

- ❶ Only a very small number of Syrian refugees who have particular needs will be resettled.
- ❷ Resettlement countries take the final decision on who is resettled. UNHCR only assists in selecting the cases based on criteria set by resettlement countries.
- ❸ No money is involved at any time of the identification process. Do not believe anyone who tells you they can help you get resettled if you pay.
- ❹ Resettlement is not an entitlement and you cannot apply for resettlement yourself. If you fit the criteria you will be contacted by UNHCR.

UNHCR services are free of charge

United Nations High Commissioner for Refugees
