---

No indicators

---

# **WFP FOOD SECURITY OUTCOME MONITORING ( FSOM)**

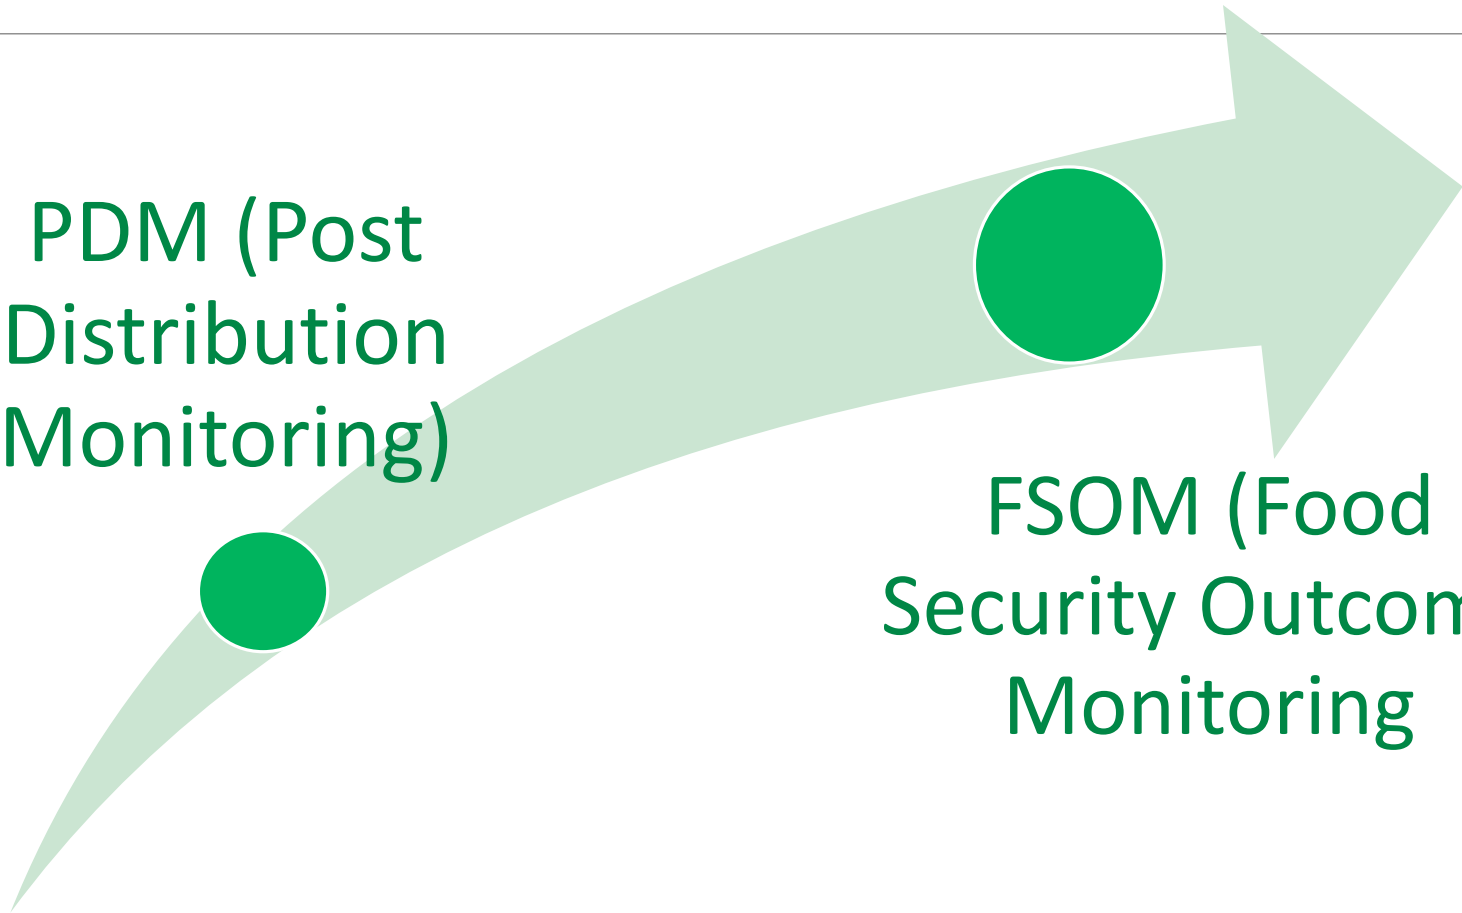

# Monitoring Outcome

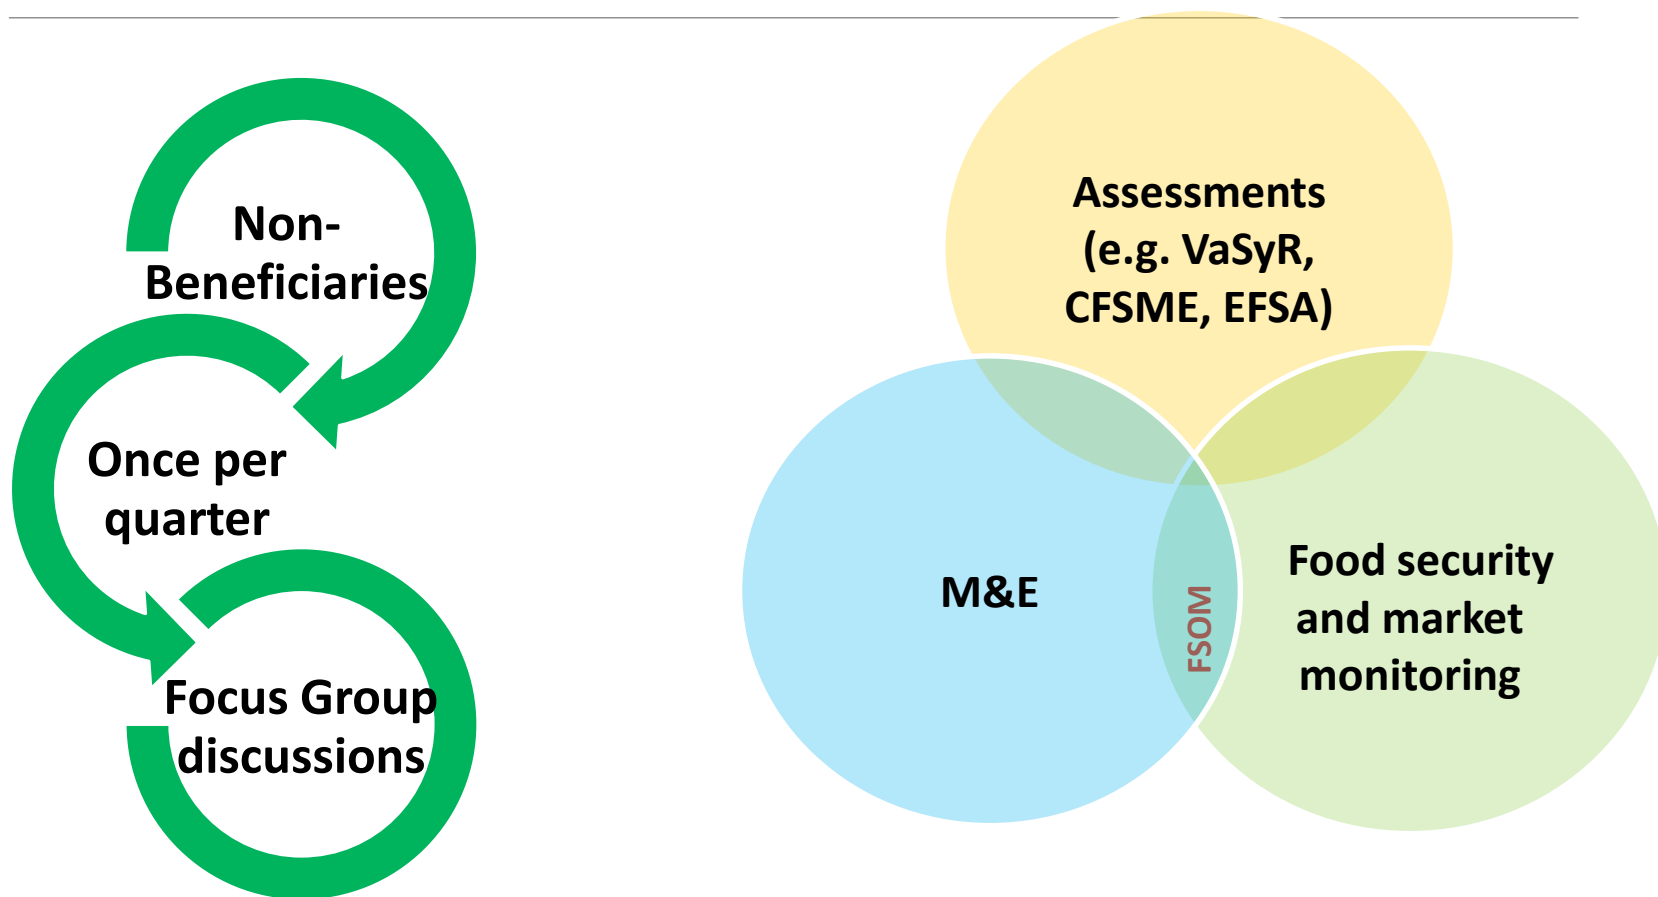

---

PDM (Post  
Distribution  
Monitoring)

FSOM (Food  
Security Outcome  
Monitoring)

# What is Food Security Outcome Monitoring (FSOM)?

# Food Security Outcome Monitoring

---

The **PDM** Household survey was changed and is now called **Food Security Outcome Monitoring (FSOM)**

FSOM include monitoring of *beneficiaries* and *non-beneficiaries*

Includes **Focus Group Discussion** component to be conducted later (more information on that in the coming weeks)

# FSOM Objectives

---

Measure the outcomes of food assistance between beneficiaries and non-beneficiaries over time and the impacts of cuts in assistance

Triangulate quantitative findings with a qualitative component and price monitoring data

## **Additions:**

Monitors HH expenditure patterns

Looks into other non-food needs

---

**AOB**
