USAID

Combining expertises

to tailor innovative responses to specific contextes

- Community **consultation**
- **Needs** assessment

- **Activity** planning
- **Content** curation and creation

- Local **partnerships**

- Monitoring & **Evaluation**

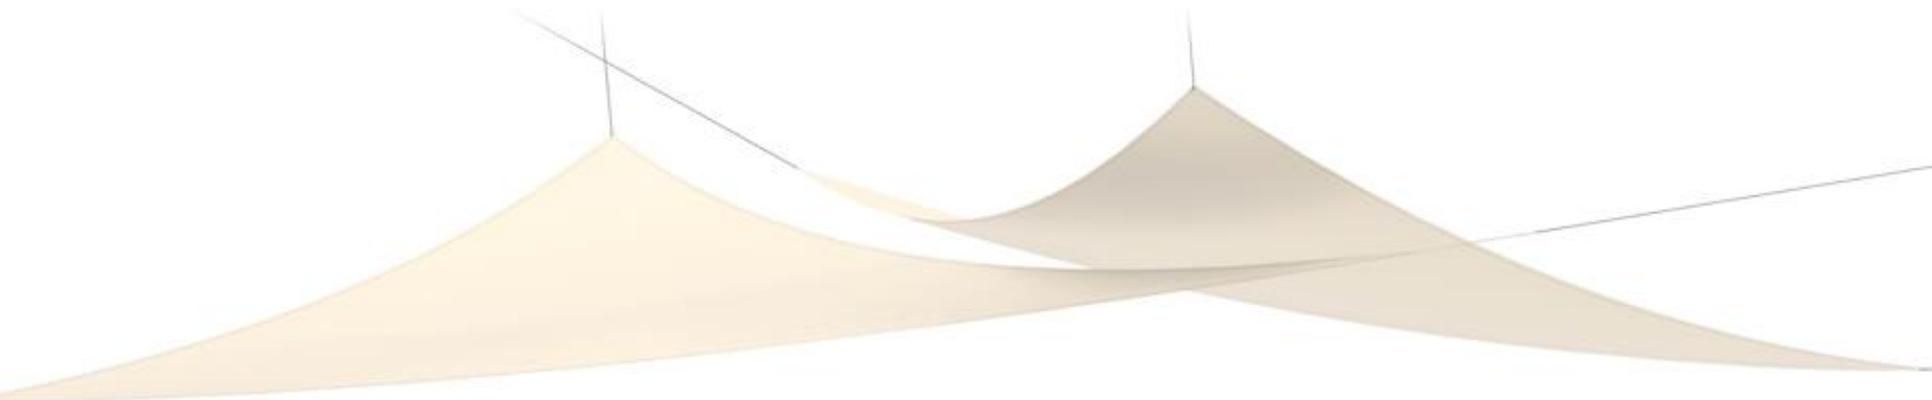

Challenges and needs in the region

- Lack of access to education (massive out-of-school population)
 - Needs for psychosocial support
 - Tensions between communities
- supporting integrated multi-sectorial approaches

Jordan case study

Improving sectorial programs

- **Quality**
 - Equipment
 - Contents
 - Monitoring & Evaluation
- **Outreach / coverage**
 - Attractiveness
 - Communication tools
- **Range of activities**
 - Local partnerships
 - Continuous updates
- **Appropriation**
 - Participatory management
 - User-created and user-curated contents

Access to Education

Improving the range of activities

- ICT Teachers training
- « Class in box »
- « Box in class » (expand activities in classroom)
- Afterschool activities
- Non certified/online education
- Access to secondary education/scholarships...

Improving Quality

- Additional content
- Materials and equipments
- Blended learning

Improving appropriation

- A space for the communities to define together a part of their educative needs and responses (bridge between communities)

Improving Coverage

- a space for in-school and out-of-school children
- Complementing limited shifts

Community services and peace building

Foster Ownership

- Participative management
- User-created content
- Mobilizing volunteers and local initiatives

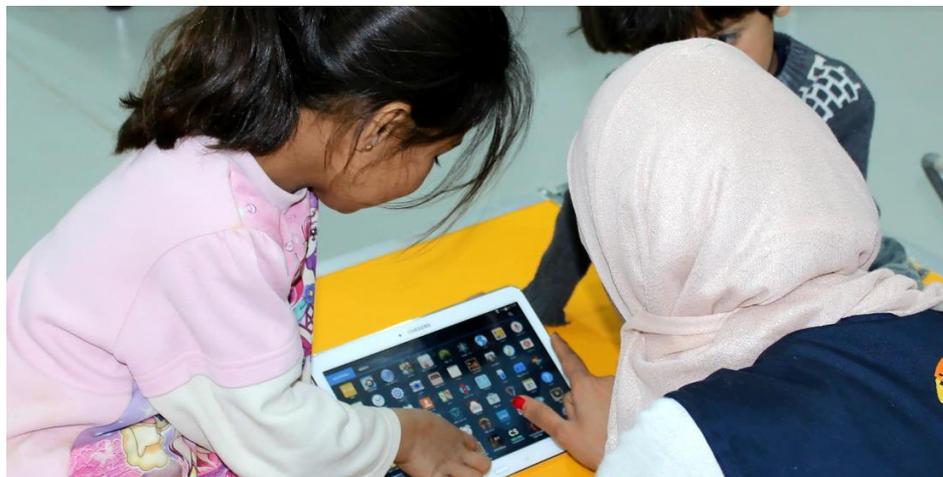

Resilience

- Access to information and sensitization
- Hi-tech/low-tech Fab lab
- Documenting and mapping activities
- Online opportunities

Social cohesion

- Participative management
- User-created content
- Mobilizing volunteers and local initiatives
- Tools and contents for dialog and debate

Social **protection** and **psychosocial** support

A transportable, easy-to-set-up and fully equipped attractive **safe-space** for children and adults

A **media-center with direct access to curated contents and materials** for social protection activities, psychosocial support, legal assistance and health and hygiene prevention;

A device for **information and awareness campaigns**

Ideas Box and humanitarian action
