JULY HIGHLIGHTS:

WFP and the Turkish Red Crescent (TRC) continue to provide support to approximately 152, 000 Syrians in 11 camps. Monthly transfers to beneficiaries are approximately US\$3 million.

WFP and TRC launched a pilot programme for off-camp assistance to the most vulnerable Syrian families in Gaziantep and Hatay. Beneficiaries are assisted through the same E-Food Card modality as in the camps and receive a 50 TL entitlement. WFP reached approximately 2,500 off-camp beneficiaries in July.

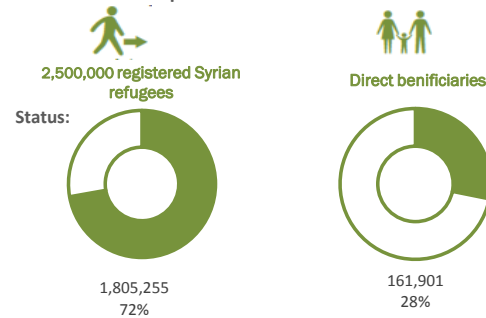

WFP continues to chair the Food Security Working Group. The group meets in Gaziantep once monthly. In June, the group welcomed a Cash and Voucher specialist funded by ECHO who is conducting a multi-dimensional study about the provision of cash and voucher assistance in Turkey.

NEEDS ANALYSIS:

- As no formal comprehensive needs assessment of the urban-based Syrian population exists, it is difficult to quantify and identify most vulnerable populations and to determine most appropriate larger-scale assistance programmes to implement in cooperation with the Government. With resources stretched to a maximum and as the number of Syrians living in urban settings increases and their food-security deteriorates over time, the need for a unified and efficient system to identify and serve only the most vulnerable non-camp populations will be vital in 2015-2016. Therefore, priority needs include a joint needs assessment with the Government and a harmonized approach to cash assistance among partners.

- Ensuring non-discriminatory access to food for the most vulnerable is critical in mitigating protection risks and vulnerabilities faced by the refugees. The food security working group made some progress towards harmonizing the vulnerability criteria targeting Syrian families living in urban areas; the criteria include women and children, the elderly, and those with disabilities. In addition, a harmonization of the food security assistance value, (when implementing cash and voucher support programmes), is underway.
