#### Modalities of food distribution:

- **Food parcel:** in 4 Camps (Al Obaidi, Arbat, Gawilan and Qushtapa).

### APRIL HIGHLIGHTS:

**83%** (87,024 individuals) of all refugees registered in camps are assisted with **food vouchers** while **17%** (17,766 individuals) were reached with individual **food parcels**.

Due to continued funding constraints, WFP maintained a reduced voucher value of US\$19 per person. Despite reductions, WFP injected US\$1.7 million into the local economy through the voucher programme. The voucher value will remain at US\$19 per person in May.

Following completion of the construction of the retail shop in early April, **Basirma** camp has been transitioned from in-kind food distribution to food vouchers. Preparations are in progress for subsequent expansion of the voucher programme in **Qushtapa** camp in May as the construction of shop and voucher distribution points is almost completed.

A shortlist of retailers who responded to the Expression of Interest launched in early March for the remaining two camps in the KR-I, **Arbat** (Sulaymaniyah governorate) and **Gawilan** (Duhok governorate) has been prepared. These retailers will receive the Request for Proposal in May to enable identification and selection for the retailer(s) for the implementation of the voucher operations in these camps by the **summer of 2015**.

Due to ongoing security operations in Anbar Province, WFP continues to experience challenges and delays with the delivery of food to **Al-Obaidi** camp. The situation is closely being monitored in close consultation with Islamic Relief Worldwide, WFP Logistics and Security Section to ensure timely delivery for May food distributions to the remaining refugees in the camp. UNHCR (through local partner) continues to support the camp bakery to ensure provision of bread and to provide complementary cash assistance amounting to US\$15 per person per month to cover their food needs.
