**Mediterranean/Europe:  
Refugees/Migrants  
Emergency Response-  
Monthly average snow  
cover in the region for  
November, December,  
January and February.**

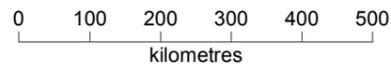

The map shows calculated average monthly snow cover data for November, December, January and February; derived from data extracted for each year from the full available period of record from 2000 to 2015. The original MODIS/Terra Snow Cover Monthly data consists of snow cover in a spatial resolution of 0.05 degrees, which equals ~5 square kilometres. The monthly average snow cover is calculated from the daily products.

**Monthly average snow cover percentage**
