3) Session Summaries

Item	Discussion
NRC / SP plans for Vial	NRC / SP presented their plans for Vial. This joint initiative was done in order to avoid overlap in the site. The plan will be presented once per month to the group.
Stock tracking table	UNHCR presented a matrix to track stocks on the island. All partners to review the content of the table, the master list of items and the threshold for each item.
NRC procurement	Baseball caps distributed last Friday Sunscreen is ready for distribution Wash basins are partially distributed and distribution will continue this week. Flip Flops have been distributed Spoons and plates ready for distribution Mops and buckets are ready for distribution
Lockers / storage for valuables	It is agreed by all partners that there is a need to prevent robberies and make the possessions of refugees more secure. The idea to procure / install lockers was suggested. However, this presents possible liability questions. UNHCR is procuring anti-theft pouches which refugees can wear around their necks. Further discussion on this topic to take place.
Broken handles on WASH containers	Partners report many of the handles are broken on WASH containers in all sites. NRC / SP to look into this and do necessary repairs.
SP / NRC delineation of roles	SP and NRC to meet and discuss the various projects they have in Vial. This is to avoid any overlap and establish roles. Overview of activities to be presented at the next WG.
Suitcases provided by SMH	SMH are providing suitcases to PoCs who are departing for Athens. There was a big demand so they are prioritising the most vulnerable for suitcases. Backpack will be provided for other individuals.
