

Food Security Sector Working Group

LCRP preparation Workshop 2

22/09/2016

Venue: WFP

AGENDA

-
- Define the sector LCRP strategy 2017-2020
 - Outcomes and activities (focus on 2017)
 - FS priority interventions
 - Approach for the definition of the 2017 People in need and sector targets

STRATEGY

-
- Necessity to continue provide food assistance to the most vulnerable ones based on the identified needs (93% HHs as per the Vasyr present some level of food insecurity) , but AT THE SAME TIME there is a needs to identify activities contributing to stabilization
 - As a result the sector strategy should follow a dual-track approach to respond within the current context designed to:
 - 1) Continue the provision of life-saving food assistance
 - 2) Enhance efforts to develop durable solutions through human capital/ livelihood support to vulnerable refugees and host community members and other vulnerable groups.
 - Through this approach the sector partners will better address root causes of vulnerability, increase self-reliance, and help reduce the need for international assistance over time

STABILIZATION

“To be food secure, a population, a household or an individual must have access to adequate food **at all times**. They should not risk losing access to food as a consequence of sudden shocks (e.g. an economic or climatic crisis) or cyclical events (e.g. seasonal food insecurity). The concept of stabilization can therefore refer to the other 3 pillars of Food Security: the availability, access and utilization dimensions of food security. “

at both HH and MACRO level.

Four Pillars of Food Security:

■ Outcome 1 - Food Availability:

Food availability improved through in-kind food assistance and the development of sustainable food value chains.

■ Outcome 2 - Food Access:

Improved food accessibility through food assistance and agricultural livelihoods.

■ Outcome 3 - Food Utilization:

Improved food safety and nutrition practices through the promotion of consumption of diversified and quality food.

■ Outcome 4 - Stabilization:

Stabilization promoted through enhanced information on food security, coordination of agriculture activities and support of national institutions.

Working group exercise: Review of the current LF and identification of stabilization and humanitarian actions - inclusion of new activities – identifications of activities to be conducted in 2017 and 2018-2020

1. CHECK OUTPUTS AND ACTIVITIES AND ADD NEW ONES IF NEEDED
2. IDENTIFY WHICH ONES ARE HUMANITARIAN OR STABILIZATION or BOTH
3. WHICH ONES ARE FOR 2017 or 2018-2020
4. OUTCOME INDICATORS: HOW DOES IT CONTRIBUTE TO HUMANITARIAN OR STABILIZATION

PRIORITY INTERVENTIONS 2016

1. Provide direct and critical food assistance to ensure improved food availability through in-kind food assistance (e.g. food parcels, community kitchens) and improved food access through cash-based transfers for food (e.g. e-cards, food vouchers) for vulnerable individuals.
2. Improve agriculture livelihood by increasing capacity of production of vulnerable small-scale farmers and by increasing employability in the food and agriculture sector.
3. Improve nutritional practices and household dietary diversity
4. Strengthen food security information systems and coordination mechanisms.

Sector People in Need

Food Assistance:

Displaced Syrians: those presenting some level of food insecurity based on the VaSyr 2016 results

PRS: UNRWA-AUB socio-economic survey plus the new head counting figures

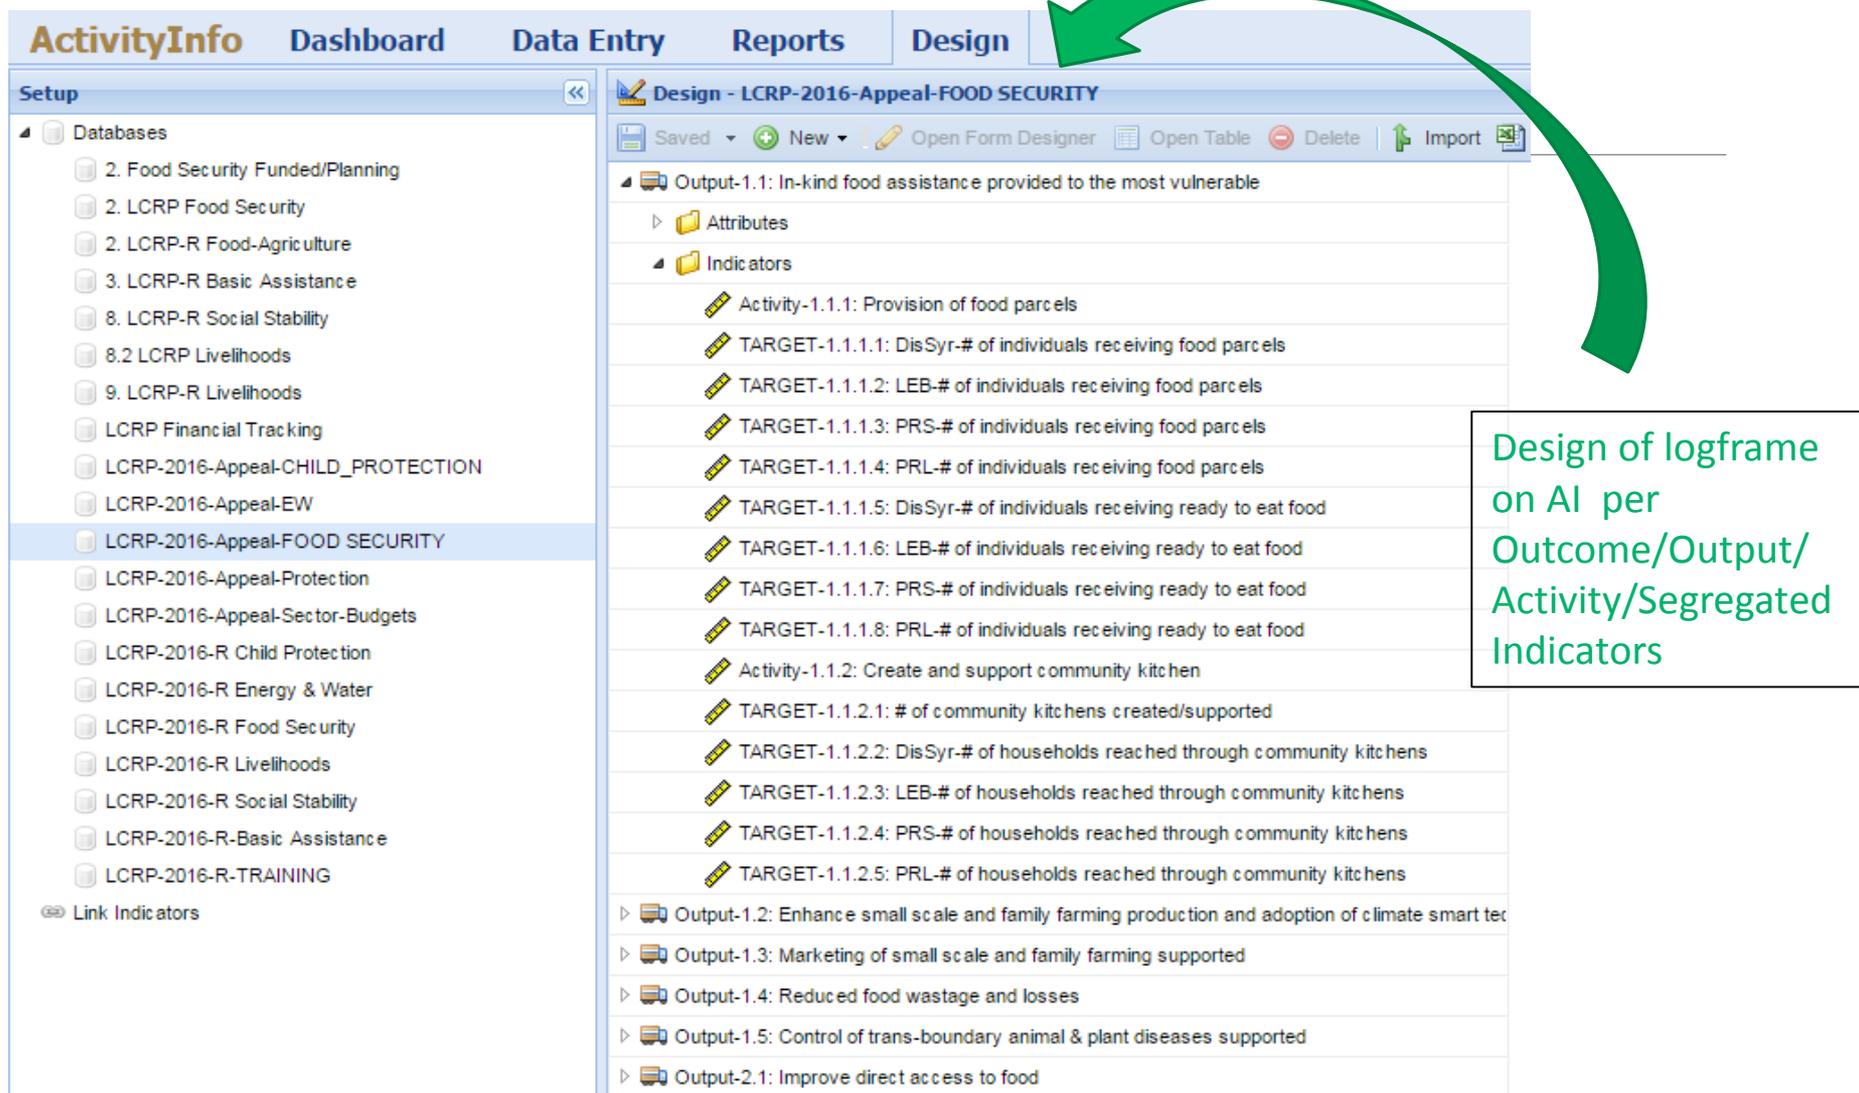

Vulnerable Lebanese : NPTP classification

Agriculture livelihoods:

MoA census, FSLA 2015 (FAO/MoA/REACH, Agriculture Labour study (FAO), Agriculture Production assessment (MoA), Poverty Assessment (UNDP/WFP)

Date	Event	Expected inputs from sector	Preparation needed (include deadline)	Required Follow-up after workshop (include deadline)
7 Oct.	3rd Multi Stakeholder Workshop "Inter-sector / sector Needs Analysis and Delivering the LCRP" <ul style="list-style-type: none"> Sector presentation on their needs overview, defined population in need Findings and preliminary results of VASyR and UNDP Rapid Poverty Assessment, as well as other assessments/studies by relevant actors such as UNICEF, UNRWA, ILO, WB Review/Adjust the chapeau 	Sector review/update of Needs analysis for 2017-2020 <ul style="list-style-type: none"> Desk review and analysis of data using existing assessments and, if needed, carry out in-depth needs assessments Definition of priorities by sector based on data analysis 	Preparatory meeting held on <u>22nd September</u> to discuss with partners and core group on : <ul style="list-style-type: none"> Define the sector LCRP strategy 2017-2020 FS priority interventions Outcomes and activities (focus on 2017) Approach for the definition of the 2017 People in need and sector targets 	Meeting with SC to for strategy /PIN and endorsement Week 26-30 September Drafting of strategy and revision of the current LF to adopt it to the new timeline
Week 17 October	4 th Multi Stakeholder Workshop "Sector Response Plan" <ul style="list-style-type: none"> Sector presentation on their sector strategy/ framework /target/budget for 2017-2020 	Development of Sector Response plans Include: <ul style="list-style-type: none"> -Sector strategy that reflect national strategies, policies and guidelines -Target population/institutions - Results Framework - Budget - Monitoring indicator - Definition of milestones in line with M&E framework for better monitoring of progress 	<ul style="list-style-type: none"> Strategy fine tune for 2017-2020 Identification of sector priority and targets for 2017 Finalization of Results framework Budget M&E Meeting with partners will be organized based on the needs	
31 st October	Sector chapter draft submitted to the Inter-sector for initial review and editing to ensure overall coherence	Sector chapter draft finalized and includes final targets and budgets		
7 Nov.	Sector Chapter endorsed by Sector Steering Committees			
14 November	Lebanon Chapter submitted to the 3RP for incorporation in the Global Humanitarian Overview (includes final targets and budgets)			

2016 APPEAL PROCESS - Step 1 – FS IMO

The screenshot shows a software interface with a top navigation bar containing 'ActivityInfo', 'Dashboard', 'Data Entry', 'Reports', and 'Design'. The 'Design' tab is active, and a green arrow points from it to a text box on the right. The main area is titled 'Design - LCRP-2016-Appeal-FOOD SECURITY' and contains a tree view of the logframe structure. The tree view shows a hierarchy of Outputs, Attributes, and Indicators. The 'Indicators' folder is expanded, showing a list of indicators with their corresponding icons and descriptions.
