

HUMANITARIAN FUNDING UPDATE

NOVEMBER 2016

UNITED NATIONS COORDINATED APPEALS

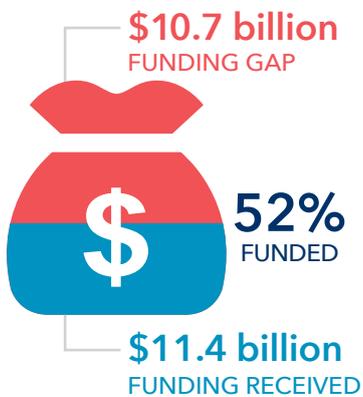

96.2 million
PEOPLE TO RECEIVE AID*

40 COUNTRIES
AFFECTED

\$22.1 billion

TOTAL REQUIREMENTS OF
UN COORDINATED APPEALS

- As of 30 November 2016, UN-coordinated appeals and refugee response plans within the Global Humanitarian Overview (GHO) require US\$22.1 billion to meet the needs of 96.2 million humanitarian crisis-affected people in 40 countries. Together the appeals are funded at \$11.4 billion, leaving a shortfall of \$10.7 billion.
- In November, the funding requirements for the initial Flash Appeal for Haiti to respond to the most urgent humanitarian needs caused by Hurricane Matthew increased by \$19 million, bringing the total to \$139 million. The Flash Appeal targets the 750,000 people most in need of assistance until the end of the year.
- In Somalia, needs continue to rise due to drought, conflict, displacement and lack of basic services. Partners require \$471 million before the end of the year to provide life-saving assistance to vulnerable communities. Critical clusters such as food security, health, education and protection are all funded below 35 per cent.
- The Libyan Humanitarian Response Plan remains underfunded at 30 per cent. Only four out of 98 hospitals in Libya work at full capacity and the severe lack of funding has meant critical needs in the health sector continue to be unmet. Meanwhile, the Libya Flash Appeal which requests \$10.7 million by the end of the year, is only 5 per cent funded. The appeal seeks to provide urgent protection and life-saving assistance to 79,400 people in the Libyan city of Sirte. Please see  icon overleaf for information on other urgent funding needs.

EL NIÑO FUNDING

60 million
PEOPLE AFFECTED GLOBALLY

\$5 billion REQUESTED
\$3 billion FUNDING GAP

- In 2016, the Central Emergency Response Fund (CERF) has disbursed \$408 million to 47 countries. In November alone, almost \$16 million was disbursed to four crises, including to assist 385,000 Afghan returnees from Pakistan, stranded Syrian refugees in the Berm, South Sudanese refugees in the CAR, and internally displaced persons in the Republic of Congo. CERF is currently projecting an income of nearly \$425 million for 2016, which leaves a shortfall of \$25 million on the \$450 million funding target for this year. The CERF High-Level Pledging Conference for 2017 will be held on 13 December in New York and chaired by the United Nations Secretary-General Ban Ki-moon.
- Country-based pooled fund (CBPF) allocations, including planned allocations, in 2016 total \$531 million to 369 partners through 1,010 projects. Some 18 per cent (\$98 million) have gone to national NGOs; 45 per cent (\$241.5 million) to international NGOs; 36 per cent (\$189 million) to UN agencies and 0.5 per cent (\$2.7 million) to the Red Cross/Red Crescent. CBPFs have been instrumental in supporting some 32 million people with health services, 14.7 million people with water and sanitation interventions and some 14.5 million people with nutritional support. Since January 2016, 18 Member States have contributed a total of \$549 million for operations in 17 countries.

NOVEMBER 2016

HRP/APEAL FUNDING & REQUIREMENTS

BY FUNDING COVERAGE

REGIONAL REFUGEE RESPONSE PLAN (RRP)

OTHER FUNDING**

* This figure includes all humanitarian funding to Ethiopia in 2016. However, it does not include contributions by the Government of Ethiopia as these are not reflected in FTS. Ethiopia has a joint plan with the Government - the 2016 Humanitarian Requirements Document (HRD). In-country reports indicate a funding level of US\$1.066 billion out of a total HRD requirement of US\$1.62 billion which is 66 per cent of the requirements. This data however is not comparable with funding tracked by FTS.

** Contributions received towards aid activities in Pakistan and Colombia are counted as global humanitarian funding outside appeals.
