

The continued strategic priority for the Sector is to provide assistance to meet the ongoing basic needs of Syrian refugees, based on a multi-sectoral household profiling and identification methodology, specific to each country.

The Sector continues to aim to provide assistance to the poorest populations to ensure that they can meet their survival needs in a manner that allows choice and promotes dignity.

Basic domestic items will be provided as well as replacement items for refugees who have been living in camps for long periods of time. The sector will focus on scaling up cash assistance, including regular monthly assistance as well as ensuring wide coverage with seasonal assistance.

The Basic Needs Sector aims to strengthen the capacities and resilience of local governance through development of simplified service delivery standards, provision of required equipment and skills development.
