

Monthly Camp Report:

Kyein Ni Pyin

Reporting Period: March 2015

The report presents an overview of the situation in the camp, including basic demographic data, infrastructures and access to services as of March 2015. Information has been compiled based on various data sources, monitoring exercise and formal/informal interview with camp residents. Additional information on camp information can be made available upon request to: **Htay Naing** ([htay.naing@savethechildren.org](mailto:htay.naing@savethechildren.org)), **Tin Myo Aung** ([mgtinmyoaung09@gmail.com](mailto:mgtinmyoaung09@gmail.com))

Monthly Highlights

- On 3<sup>rd</sup> March, WFP international staff discussed with CMC members, FMC members and beneficiaries about the possibility of distributing food vouchers instead of direct food distribution. Most of the IDPs rejected this idea because it is very difficult to find food resources in this camp (there is no market or regular supply). As such, they would prefer to receive general food distribution at this moment.
- On 4<sup>th</sup> March, the township administrator arrived and discussed about the quarrel within camp residents for football playing. He took action by issuing warning letters to both groups of youths. In addition he discussed about the individual housing for next shelter construction. There were concerns from the IDPs that if they receive the individual houses, they would not get assistance any more. No clear response was given.
- On 19<sup>th</sup> March, the township administration team and municipal team arrived and met the CMC members and paddy field owners for the individual house construction in the camp. They have a plan to buy the paddy fields because they will construct the new individual housing in those areas. They discussed about the price agreement with the field owners based upon one acre per seven lakh. They have already paid in cash 27 lakh and twenty thousand for 3.30 acre and they will finish the new shelter construction within April 2015.
- The Australia ambassador Mr. Nicholas Coppel arrived and observed the camp situation and discussed with the camp administrators, CMC members and IDPs about their difficulties on 25.3.2015.

Demographic  
Snapshot\*

Shelter and Population

Individual Shelter	Occupied Shelter units	Total # of Household /individual	Total Male Population/%	Total Female Population/%
123 LHs/984 SUs  (10 LHs burned in January fire, 1 LH completely damaged)	896 units  83 makeshift shelter  1 converted kitchen unit (8 families)	942 HHs/ 4683 individuals	2282/49%	2401/51%
