Pauktaw Township

18 - Sin Tet Maw IDP Camp *(estimated 3,000 residents)*

Issue	Status
➢ CAMP MANAGEMENT: No updates. ▪ SHELTER: UNHCR discussed with IDPs re damage of the majority of the walkways, which can now be repaired by UNHCR. IDPs reported many shelters damaged and in need of repairs - particularly problematic during heavy rains. IDPs also reported that most shelter floors are damaged, which they repaired by themselves; more damage expected at end of the rainy season.	Concerns forwarded to Shelter Cluster.
➢ WASH: Salty water reported in many wells and hand pumps as a result of heavy rains and flooding. Now SCI is distributing drinking water but IDPs state need more and would like to have more water points in eastern and western parts of the camp. SCI is working regularly in their activities as latrine maintenance / construction, drinking water irrigation from near the village, road renovation between shelters and latrines. ➢ HEALTH: MHAA and State Health Mobile group opened clinic on 10-11 August and saw 150 patients. They requested to check sputum for tuberculosis with laboratory technicians when opening clinic. ➢ FOOD: WFP/Save distributed rations to all HH in week 1.	
➢ EDUCATION: SCI is working with 9 volunteer teachers, 2 helpers, and one watchman in TLS. IDP Parents report that government did not recommend the students to move up according to exam results and they now have to attend the same classes as last school	Concerns raised with UNICEF Education Cluster lead.
