

7 - Ohn Taw Gyi North IDP Camp (estimated 13,000 residents)

<u>Issue</u>	<u>Status</u>
<ul style="list-style-type: none"> ➤ CAMP MANAGEMENT: Full CCCM activities ongoing including; Communication with Focal Points and FOA and incentive workers for the information gathering, sharing and daily access to services monitoring in the camp, material support to CMC offices, camp level coordination, community services activities. <ul style="list-style-type: none"> ▪ SHELTER: Some camp residents are using tarpaulin from DRC as a temporary measure. They want DRC, CCCM to renovate all of the damaged roofs as soon as possible as it rains frequently. ➤ WASH: SCI covering most of OTG north, OTG 1 area to be handed over to SCI from CDN in July. Full WASH activities ongoing. Hygiene kits distributed. No major concerns reported. ➤ HEALTH: Mercy Malaysia is running health activates three days in a week; MOH arrived and gave vaccination to pregnant women. No major health issues were reported. ➤ FOOD: WFP delivered rice in the 1st week of June, reportedly no information given at that time re: delivery of remaining items. The rest of food basket delivered during 3rd of June. Reportedly MAUK (private donor) delivered 1300 rice bags but CMC distributed only 1200 bags to the IDPs who do not receive food from WFP. The IDPs complained to MAUK that CMC kept 100 bags; MAUK visited the camp and gave CMC formal warning. MAUK will reportedly continue to provide rice to IDPs missing from WFP caseload. ➤ EDUCATION: TLSs are operated by UNICEF and LWF. LWF completed school kit distributions in OTG 3 &6. ➤ NON-FOOD ITEM: No agencies supported NFI Kit in the camp. IDPs need kitchen utensils, solar light, mosquito nets and water pots. ➤ PROTECTION: Regular Protection activities by DRC ongoing including IPAs, monitoring and psychosocial support training to women. WPE project by IRC starting soon. ➤ NUTRITION: ACF is running nutrition activities alongside MHAA. ACF and SCI do joint screening for villages and camps every two months. ➤ CHILD PROTECTION: Regular activities by SCI ongoing. 	<p>-DRC assessment of damaged roofs completed in camp and renovation to begin 1st week July.</p> <p>-UNHCR – assessing NFI needs across Rakhine. Communication with communities is required.</p>

8 - Ohn Taw Gyi Village (estimated 2,400 residents)

- Regular protection monitoring activities by DRC; no updates

9 - Ohn Taw Gyi West IDP Camp (estimated 3,200 residents)

<u>Issue</u>	<u>Status</u>
<ul style="list-style-type: none"> ➤ CAMP MANAGEMENT: Full CCCM activities ongoing including; Communication with focal points and volunteers, information sharing , information gathering and daily access to services monitoring, special focus on displaced group from STMG camp – assistance. <ul style="list-style-type: none"> ▪ SHELTER: Shelter maintenance still main concern for residents, assessment made for additional damage since February assessment. Implementation began 4th week June to be finished 2nd week July. ➤ WASH: CDN conducting WASH activities in camp including: cleaning of latrines, health education, monitoring of borehole functionality, and ORS distribution. OXFAM conducted desludging of all full latrines. 	<p>-Additional tarpaulins provided to IDPs in units with severe damage to roofs as a temporary measure.</p>

- HEALTH: IRC clinic opened 2-3 days per week. No major health concerns reported. It is reported IRC clinic will close for renovation soon.
- FOOD: CDN distributed WFP ration week 1 – rice, week 2 – rest of food basket. One private donor from Yangon (unknown) donated 142 bags of rice for those who do not receive food from WFP. MRF distributed food to Than Daw Li group, not covered by WFP caseload.
- EDUCATION: All TLSs open and running. Student kits continue to be requested. Education staff request assistance from WASH partner for WASH facilities at TLSs.
- NON-FOOD ITEM: Report no agencies provided NFI kit in the camp and IDPs are in need of cooking utensils.
- PROTECTION: Regular Protection activities by DRC ongoing.
- NUTRITION: IDPs report no Nutrition activities in camp reported during June. CDN and WFP gave instruction how to give nutritional supplements to children.
- CHILD PROTECTION: DRC Child Protection activities starting up.
- OTHER / CROSSCUTTING: UNHCR visited the camp and talked to the CMC and the women's group about the priority need of camp residents and checked the condition of the camp.

-Email sent to IRC to check if Health cluster has mitigation for time when clinic is closed for refurbishment.

-WASH & Education have discussed needs at TLSs and planned response.
-NFI cluster currently developing tool to manage NFI coverage.

10 - Ohn Taw Chay Village

Issue

- HEALTH: Residents report that malaria and diarrhoea are still spreading in the village. Around 10 people suffered from malaria and nearly 20 people from diarrhoea.
- OTHER: Regular protection monitoring and start-up of Child Protection activities by DRC. No other updates.

Status

CCCM team checked coverage. No WASH agency covering village. Reported to UNICEF cluster lead to see if cluster can assist.

11 - Baw Du Pha IDP Camps (estimated 11,000 residents)

Issue

- CAMP MANAGEMENT: Full CCCM activities ongoing including communication with focal points and volunteers, information sharing, information gathering and daily access to services monitoring, refurbishment of warehouse for WFP rations, camp coordination and material assistance for CMC office.
 - SHELTER: Shelter renovation is completed. Camp residents complained about leaks through the nail-holes in the roof.
- WASH: Regular WASH activities by SI ongoing, including: distributions, monitoring, HP, training in use of ceramic filters, tracking of cases of diarrhoea and solid waste management improvements. Camp residents concerned regarding the drainage within the camps due to onset of rainy season.
- HEALTH: Marcy Malaysia opened clinic 2-3 days a week, seeing between 50-150 patients per day. Main reported ailments are flu or fever, no serious cases reported.
- FOOD: Camp residents report that WFP food delivery was split over 4 days from week 1 to week 3. Residents request food distribution plan for July. MRF distributed rations to the 155 IDP HHs who are not covered by WFP (rice 50 kg, Oil 3 litres, Bean 3 Kg, Fried chilli 2 packet, and Salt 1 Packet per HH).
- EDUCATION: All TLS are running regularly, enrolment for new school year is completed, examination results were released and SCI will refer Grade(6) students to Thet Kay Pyin school. IDPs report the students need school kits and Middle school education for grades 5-8. Basic literacy training for youth aged 12-18 started in the

Status

-DRC CM will provide “metal tape” for small holes repair after coordination with Shelter cluster. Distribution of materials planned for July.

-SI is aware of concerns and planning mitigations.

-DRC CM sent email to confirm 4 delivery dates to WFP, and to request delivery schedule (no distribution schedule available). Awaiting response.

-Email sent to UNICEF
