

**National Health Operations Center  
(EKEPY)**

**Health Working Group Meeting, 8/03/2017**

Discussed issues:

**1. Problems from the field**

- PHILOS personnel take part and collaborate with NGOs personnel and in collaboration with the Field Coordinators in each Hospitality Center we will find the best solution for its utilization.
- The absence of cultural mediators makes their job difficult and it has been asked to examine the possibility of sharing the mediators of NGOs.
- Collaboration issues per Hospitality Center

**2. Hospitalization of psychiatric patients and Medicines**

It was discussed the issue of hospitalization of psychiatric patients, prescription of psychiatric medicines and emergency protection medicines. The absence of cultural mediators in psychiatric hospitals is an issue of concern.

**3. UNFPA information for training opportunities**

UNFPA has a platform with open resources and offers specialized training on GBV and reproductive health that PHILOS or NGO personnel can participate.

**4. Nutrition**

Topics of health education requested from N.G.O. The National Health Program on breast feeding "ALKIONI" and its educational material have been proposed to be used for. Also the need for awareness programs for safe storage of the food has been stressed.

**5. Other issues**

Electronic health record keeping should not be done unless a permission has been provided by the Personal Data Protection Authority. It was also discussed the issue of abortion and appointments for ultrasounds. NGOS have been asked to state their scheduled presence in the Hospitality Centers. IFRC stated till April 2018 whereas MSF till the end of the year. Finally, different protocols that KEELPNO has developed were discussed.
