

In June 2017, 3RP partners involved in 3RP response in Egypt have provided 8,254 curative and preventive Primary Healthcare consultations to Syrian girls, boys, women and men. Among those, 3,949 patients were followed up and received monthly treatment for their non-communicable diseases. Also among them, 1,348 under 5 girls and boys received routine immunization and growth monitoring services. Beyond the primary healthcare level, 351 referrals to secondary, tertiary and emergency care were provided to those in need among them 15 referrals were life-saving emergencies.

Within the resilience component, 3RP continued to provide support to the same 90 primary healthcare facilities in Greater Cairo and Alexandria.

Note: These dashboards reflect the achievements for the 3RP partners including UN agencies, and NGOs involved in the 3RP response in Egypt. Progress and target may change in line with the data revisions. All data on this dashboard is current as at 30 June 2017.

\*\* \* All UNFPA indicators have Zero values due to unavailability of funds till the time of reporting.
