# IRAQ - Camps Intentions Survey Round 2: Camps in Ninewa and Kirkuk governorates January 2018

This Intentions Survey was carried out by REACH in partnership with the CCCM Cluster in **15 camps across Ninewa and Kirkuk** governorates hosting a total of **51,111 households (258,501 individuals).** The survey was administered to **1,535 households**, corresponding to **9,331** individuals through a random sample<sup>1</sup> between 12 December 2017 and 14 January 2018.

#### Area of origin

# Are you currently planning on returning to your area of origin?

### Are you currently planning on returning to your area of origin (AoO)? By governorate of origin<sup>2</sup>

### What is the condition of your house in your area of origin?

#### Planning to return to area of origin

## If yes, will you be going to your original home in your area of origin or will you live somewhere else?

#### Original home

- Move into abandoned house/apartment in nearby neighbourhood
- Integrate with another family in nearby house
- Public/communal building in same neighbourhood

### If yes, what are the main reasons for why you would like to return to your area of origin?<sup>3</sup>

#### Not planning to return to area of origin

#### If not intending to return to your area of origin, where do you intend to go?

### If no, why can you not return to your area of origin?<sup>3</sup>

If it were possible, what are the main needs you or your family require to return in a safe and dignified manner to your area of origin?<sup>3</sup>

<sup>1</sup>A random GPS sampling technique was applied in each camp, resulting in a 95% confidence level and a 10% margin of error at camp level,

as well as a 95% confidence level and a 3% margin of error at the subnational level presented in this factsheet.

<sup>2</sup> Results from Erbil, Anbar, Diyala and Dahuk governorates are not presented as only 7, 4, 2 and 1 households respectively reported originating from these governorates. <sup>3</sup> Respondents could select multiple response options.
