OVERVIEW

Pugnido is the oldest refugee camp in the Gambella Region of Western Ethiopia. Pugnido hosts South Sudan refugees who arrived in different waves – since 1993, in 2012 and following post December 2013 conflicts in the country of origin.

RECENT DEVELOPMENTS

DRC ceased implement grinding mill services in Tierkidi as of 30th June 2018. The current approaches envisage a Task Force to oversee grinding mills services for three months before handing over to Refugee Self Help Group.

MAIN ACTIVITIES

HEALTH

Health clinics are available for refugees and host communities wherein they receive medical care, including:

- Health services, including vaccination and anti-malaria campaigning activities
- Reproductive health and HIV/AIDS services
- Support to health centres with drugs and medical equipment.

NUTRITION

With support from UNHCR's partners, refugees have access to infrastructure and receive nutritional support, including:

- Provision of supplementary and therapeutic feeding as well as promotion of child and maternal feeding practice (includes plumpy nuts)

WASH

- Refugees have access to 16 litres of potable water per person per day.
- Management and monitoring of existing water systems, and borehole drilling
- Sanitation and Hygiene promotion
- Construction and maintenance of family latrines and refuse pits
- WASH related capacity building

PROTECTION & COMMUNITY SERVICES & REGISTRATION

UNHCR and its partners provide protection to refugees and promote durable solutions to their plight through:

- Camp management and security
- Support for person with disability and other vulnerable groups
- Child Protection
- SGBV prevention, response services and capacity building
- Education and livelihood for more self-reliance

SHELTER

Focus is on maintenance of shelter infrastructure and roads. There is adequate infrastructure developed over time.

CORE RELIEF ITEMS

Core Relief Items - sleeping mats, kitchen sets, soap and sanitary materials - are distributed to refugees. Soap is distributed on a monthly basis with General Food Distribution (GFD).

LOGISTICS & SITE PLANNING

Refugees are transported and relocated from border areas and to the camps. In addition, the camp layout is conducted. Tierkidi camp is comprised of four zones (A, B, C and D).

EDUCATION

Pre-primary school education, Primary education and secondary education is undertaken in the camp. Grade 11 class opened and grade 12 anticipated next academic year. Some scholarships to university education have been extended to Refugees on a more competitive basis.

ENVIRONMENT

UNHCR and its partners seek to reduce the environmental the negative impact in areas hosting refugees through:

- Forest and environmental protection and capacity building on environmental protection.

FOOD

On a monthly basis, food is supplied, transported and distributed to all refugees. General food basket includes cereals (10 kg), corn soy blend (1.0 kg), pulse (1.0 kg) and vegetable oil (0.45 kg), CSB++ (0.5kg), Salt (0.15kg).
