KEY UNHCR ACTIVITIES

Monitoring, coordination & advocacy to address protection needs	- **Maintain productive coordination with relevant stakeholders** (UNICEF, Ministry of Education, Ministry of Higher Education and UNESCO); - Provide **technical support for the merged working group** handling the **basic, secondary and higher education**; - Strengthen **Cross-Sector Coordination** to ensure **safe and equal educational opportunities** for all refugee children; - Advocate for the **strengthening of national policies**, namely the National Education Strategy Plan (ESP), through supporting the implementation of the plan; - Advocate for the **inclusion of all refugee students** to the formal and national educational system; - Implement **partner capacity building and safeguards** for education staff.
Strengthen community-based support to education	- Strengthen **implementation, coordination and technical capacity** of partners delivering education projects in the community; - Delivery of **Early Intervention and Special Education programmes** in the community setting; - Capacity building for **teachers, carers and parents** to cater for education needs of children with disabilities or learning difficulties; - Exploring **opportunities** with partners and stakeholders advocating for **educational inclusion of children with disabilities**.
Expand and diversify access to tertiary education opportunities	- Advocate to **expand in-country universities and third country scholarship opportunities**; - Countrywide outreach strategy to **disseminate information on tertiary education opportunities**, as well as membership in scholarship selection panels; - Provide **academic extra circular support programmes** to tertiary education students; - Engage with **private sector education service providers**.
Community learning & innovation education hubs	- Expand **digital/connected learning community hubs**; - Provide **digital learning services "Kolibri" platform** in all community centres countrywide; - Training for the faculty of some **private and public Jordanian universities on how to implement connected learning** in different academic programmes; - Countrywide **focus group discussions** with youth and adolescents on the **impact of blended/connected learning** opportunities.
