

Total Refugee Population	34,260
Total Number of Households	7,440

Background

Pamir refugee camp opened in **September 2016** following GoSS decision to close Yida Refugee Settlement. UNHCR and partners continue expanding this camp as the population continues to grow steadily receiving new arrivals and Yida residual refugees.

Geographic Snapshot

GPS coordinates: N:09 54 53.7 E:30 20 51.9
Size of area: 1,879.305 hectares

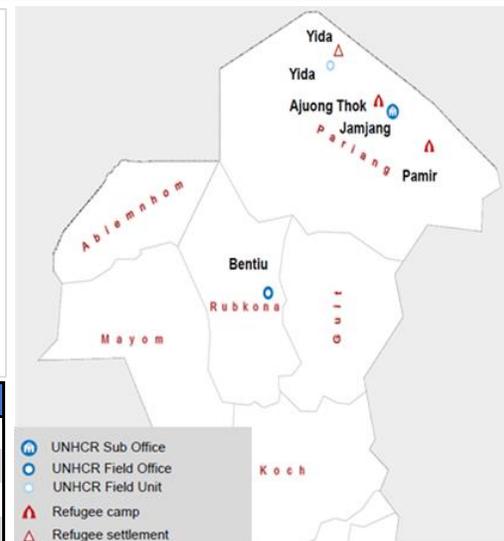

Camp structures

- Block leaders and deputy leaders
- Women's Committee
- Youth Committee
- WASH Committee
- Community Watch Team
- Older persons' Committee
- Conflict Resolution Committee
- Child Protection Committee)

Refugees relocated to Pamir in 2020

Sector Response	Indicators	Standard	Reported
Protection	# of SGBV cases reported	None	15
	# of SGBV cases supported	All	15
	Total # of unaccompanied children	None	14
	Total # of separated children	None	2,449
	# of child friendly spaces (CFS)	None	8
	# of children attending CFS	None	2,395
Education	# Foster care arrangements	None	89
	% of children enrolled in primary school	100%	ongoing
	% of children enrolled in secondary school	100%	ongoing
Health	# of pupils per teacher in primary school	≤40	N/a
	Under-5 mortality rate/1,000/month	<1.5%	0.07%
Nutrition	Crude Mortality rate/1,000/month	<0.75%	0.09%
	% of Global Acute Malnutrition (SENS 2019)	<10%	7.80%
	% of Severe Acute Malnutrition (SENS 2019)	<2%	1.60%
WASH	Kcal per person per day	2,100	1,491
	Litres of water per person per day	≥20	17.81
Shelter	# of persons per latrine/Crude latrine coverage	≤20	9
	% of HH provided w family emergency shelter	100	100%
	% of HH in family semi-permanent structures	100	32%

The water consumption in Pamir stands at 17.8 litres per person per day. The existing water infrastructure has the capacity to produce over 20 litres of water per person per day, which meets UNHCR's standards. UNHCR and partners are currently investigating the reasons leading to a low consumption of water given that water production is adequate and fully functional.

Highlights

- The new school year started in Jamjang camps in February 2020. The enrollment of students is currently ongoing - the # of students enrolled and # of pupils per teacher will be available in March 2020.
- Currently, refugees are receiving 70% of the food basket due to lack of funding to provide the complete ration (an average of 1470 kilocalories per day out of a standard of 2200 kilocalories)

Services

- Reception centre
- Food distribution centre
- 1 PHCC and 1 Nutrition Centre
- 9/9 boreholes solarised
- 3 primary schools and 1 secondary school
- Early childhood development centre
- 1 Women and Girls Wellness Centre
- 8 Child Friendly Spaces
- 1 Youth and Adolescents Centre
- UNHCR Field Office (hosts CRA and Camp Management offices)
- 1 Police station and 5 Police Posts
