- Colombian President Iván Duque announced the extension of the Obligatory Preventive Isolation until May 11, maintaining mobility restrictions but enabling the reactivation on April 27 of the economic sectors of construction and manufacturing.
- The Sanitary Emergency measures will continue until May 30, which implies that the borders will remain closed and all air travel – domestic and international – will remain suspended.
- The measures also include keeping universities, schools and kindergartens closed until the end of May.

- The government authorized sport practice for mental and physical health outdoors, with restrictions and individually, for those over 18 years of age, within a radius of 1 km from home.
- The Mayor's Office of Bogotá organized the "Bogotá, Solidarity at Home" donation campaign, raising \$51,696,026,603 pesos, which will allow more than 200,000 families to receive support in Bogotá.
- The Mayor's Office of Medellín also organized a donation campaign, raising \$ 13,116 million pesos and 100,435 food packages for the most vulnerable population.

RESPONSE ACTIONS

We continue with our commitment to the most vulnerable. Today along with the Mayor's Office of Bucaramanga, we distributed **1,400 food packages** in our communities in **Bucaramanga**.

Many families have been at risk due to the health crisis and isolation measures, which hinder the generation of family income to meet basic needs. In response, along with the Mayor's Office of Soacha, World Vision Colombia has distributed **5,000 nutritional packages**.

We continue with our response to the COVID-19 emergency. Today, we delivered **309 food packages** to the New Illusion Foundation in Norte de Santander, mainly for the Colombian returnees, migrant population and host communities.

You can stay home, others cannot. Help those who need it the most!

Help us impact the lives of more than 89,000 girls, boys, adolescents and their families. Today, more than ever, we are counting on you.

RESPONSE ACTIONS

Together with AHF Colombia, we are distributing food packages for the care of 220 0+ patients in Norte de Santander; contributing to the food security of children, young people, and their families affected in the midst of the COVID-19 emergency.

#VenEsperanza

The protection of the most vulnerable girls and boys is our priority in the midst of the COVID-19 emergency; this is why we joined the ICBF for the delivery of **92 basic hygiene kits for the care of migrant children**, within the Foster Care network in the Department of La Guajira.

Our commitment does not stop. Together with Education Cannot Wait, we delivered **71 teaching guides** in Cúcuta, complementing our contribution with the same number of food packages for the girls and boys participating in the 'Learning Acceleration' project.
