Response activities

Coordination

- National level task force meetings, attending sub pillar committees and
- Participating in weekly UN Coordination meeting
- Participating in daily district task force meetings
- Weekly coordination meetings with the field locations

Surveillance

- Community surveillance through VHTs
- Daily reports from all field locations
- Line listing and contact tracing
- Testing of those on treatment , IQC, contacts

Risk communication

- Community sensitization continues through VHTs in and different social media platforms
- Meetings with refugee leaders to also pass on the information

Infection prevention and Prevention

- Provision of PPEs (masks, gloves)
- Hand washing facilities and sanitizers for HCWs

Case Management

- Trainings in updated COVID guidelines
- Working with districts/WHO to identify treatment units (asymptomatic cases) within some of the settlements- Kyangwali-Kasonga

Challenges	Actions/Recommendations
<ul style="list-style-type: none"> Inadequate food at iQCs 	<ul style="list-style-type: none"> Home quarantine, working with partners to provide support for feeding
<ul style="list-style-type: none"> Inadequate face masks 	<ul style="list-style-type: none"> Recently dispatched 207,000 (HCWs and Humanitarian workers) to field locations, procuring an additional 867,020 (refugees) need to ensure that masks used rationally.
<ul style="list-style-type: none"> Inadequate testing kits 	<ul style="list-style-type: none"> Transporting some samples to Kampala, conducting screening and ensuring persons meet criteria for testing, prioritizing, those on treatment and direct contacts
<ul style="list-style-type: none"> Long TAT, inadequate kits and non functionality of testing machines 	<ul style="list-style-type: none"> Some locations have access and are printing results online. District and MOH working to ensure availability of reagents to functionalize machines
<ul style="list-style-type: none"> Non-adherence to SOPs 	<ul style="list-style-type: none"> Working the heads of organizations and district in different locations to enforce adherence to the COVID prevention SOPs
<ul style="list-style-type: none"> Inadequate space at treatment units & delayed evacuations of cases 	<ul style="list-style-type: none"> Cases being referred to Kampala but in discussion with WHO/MOH/District to have treatment units (asymptomatic cases).

Thank you
