### Interpretation

Tongo Camp was opened by UNHCR on 5th October 2011. Since September 2011 thousands of civilians have fled the fighting in Blue Nile state of Sudan. UNHCR provides protection and monitors the delivery of services, while camp management is done by ARRA (Ethiopia's Administration for Refugee and Returnee Affairs) with support of UNHCR. This map shows population, infrastructure and land cover in surroundings of Tongo Camp and extent of clusters of tents based on analysis of QuickBird satellite image of November 30, 2011.

All visually interpreted features are captured with best effort but in some cases may not be complete.

### Cartographic Information

Local projection: UTM 36 North, Datum: WGS 84  
Geographic projection: Lat/Lon (DMS), Datum: WGS 84

Scale: 1:8 000 for A1 prints

### Framework

SAFER and its suppliers have attempted to provide mapping that is as accurate as is available with the source material, however all geographic information has limitations due to the scale, resolution, date and interpretation of the original source materials. Accordingly, SAFER maps are distributed as is, without any warranty, either expressed or implied, including but not limited to warranties of suitability to a particular purpose or use. The entire risk as to the results of the use of these data is assumed by the user and the supplier accepts no liability for any loss, damage or inconvenience caused as a result of reliance on the mapping.
