

Partner Coverage, Who, Does What and Where (3Ws) - National Level

INTRODUCTION:

The Refugee Consultation Forum (RCF) was established in 2017 to bring together humanitarian partners working on the refugee response in Sudan to ensure a coherent and complementary response. It is co-chaired between UNHCR and the Government's Commission for Refugees (COR), with the participation of over 40 national and international partners.

The RCF coordinates through the Technical Advisory Groups at the sector level and the Refugee Working Groups at the State level the refugee response in Sudan. Based on the information from partners in the field, the 3Ws presents the actors who are currently working with refugees in all States with active refugee response, including at locality level. This information is updated on a regular basis.

The dashboard is meant as an informative tool, to facilitate coordination and present major gaps and analysis by State. For further engagement with the RCF, please contact SUDKRCF@unhcr.org.
