### Return intention by % of households

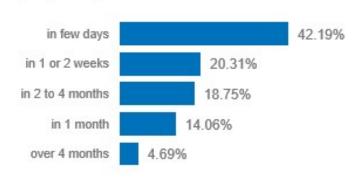

20,000 Returns to NK from Kilikia Bus Station between 14 November – 10 January

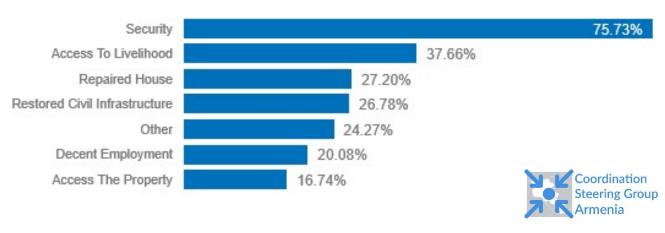

(approx. average, based on UNHCR daily "on site" return monitoring)

### Conditions for return by % of households

### If yes, when by % of households

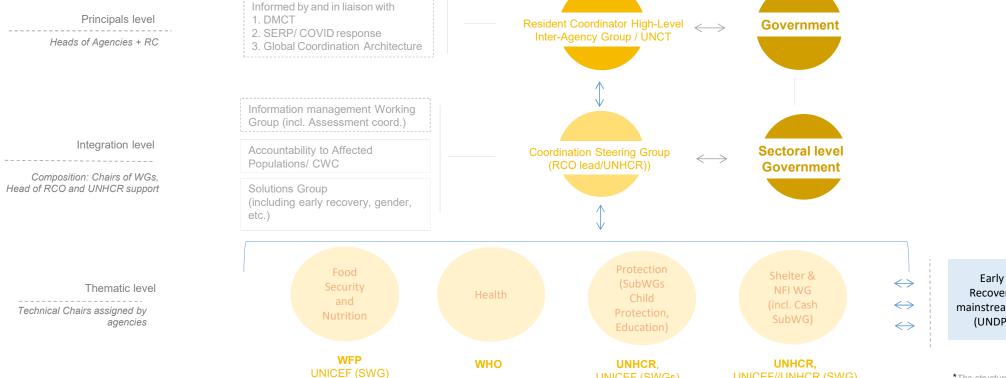

### Conditions for return by % of households

# Inter-Agency Coordination Architecture & Response Plan

## Armenia situation -**Hybrid Coordination Model**

Sectoral Government representatives are represented as well as actively participating and contributing to the thematic working groups (e.g. Health, cash)

UNICEF (SWGs)

UNICEF//UNHCR (SWG)

Recovery mainstreamed (UNDP)

\*The structures can be adapted and replicated based on context and need depending on the activation phase Contingency Plan

# Inter-Agency Response Plan – Key role & strategic objectives

Strategic Objective 1: Assist the Government of Armenia in providing protection (including gender-

sensitive) support to the refugee-like population, particularly the most vulnerable, and enable them to equally and efficiently enjoy their rights, including through the provision of

legal assistance and counselling.

Strategic Objective 2: Strengthen inclusive access of the refugee-like population hosted in Armenia to dignified

living conditions, including access to decent shelter, non-food items, food security and basic

services (including social protection, health and education).

Strategic Objective 3: Strengthen resilience of the refugee-like population in Armenia, as well as the host

community, until adequate conditions are met to facilitate dignified returns to NK.

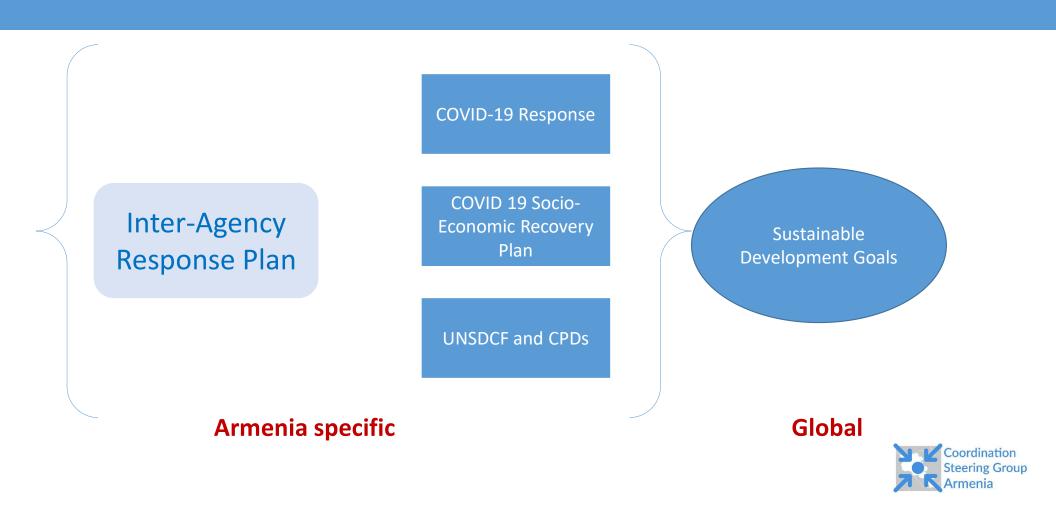

Strategic Objective 4: Ensure an effective humanitarian-development nexus through linkages to existing and

emerging frameworks, such as the COVID-19 Socio-Economic Response and Recovery Plan currently in place and the United Nations Sustainable Development Cooperation

Framework (UNSDCF), which will govern the work of the UN in Armenia from 2021 to 2025.
