

IOM CT response to the Ukraine Crisis in the EEA+ Region

IOM counter-trafficking interventions and Ukraine response

- Provided protection and assistance to victims of trafficking, **since the mid-1990s.**
- IOM also works with the humanitarian community to ensure that the **risk of trafficking is mitigated and addressed from the earliest stages of humanitarian responses.**
- **4 P's approach to combat trafficking (Prevent, protect, prosecute and partnership).**
- Probable increase in human trafficking and exploitation as a result of the conflict in Ukraine.

IOM's response outside Ukraine

- **Operational presence in all surrounding countries.**
- **Our teams in the neighbouring countries are supporting first line responders, local authorities, the private sector, host and transit communities with skills and resources to contribute to protection and assistance efforts.**
- **IOM offers to establish or strengthen protection services, systems, and tools; to assess procedures and provide on-site mentoring to improve the processing and identification of vulnerable cases.**
- **CT activities provided through: (1) communication and public information, (2) system strengthening and support, (3) provision of direct assistance (4) Data, research and Learning.**
- **Monitoring efforts from Regional Office**

Thank you !
