

Moldova: Information Management Working Group meeting

Meeting Notes

Meeting Start Time: 5/26/2022, 10:00 AM
Location: Microsoft Teams (online).
Chaired by UNHCR and REACH Initiative

Present:

UNHCR, UNDP, UNFPA, WFP, UNICEF, RCO, IOM, REACH, WVI

- UNHCR presented a map with disaggregation of known refugee population. This product was discussed previously with the Working Group's members, there are several sources used for producing the map. Main sources are data from the cash programmes and information provided by local authorities. The map will be shared with the group.
- Transnistrian area is not included in the map, since there was not enough data from the main data sources. Once there are assessments or programmes that target Transnistrian area specifically are in place, the gap will be filled.
- REACH provided updates related to the MSNA. The data collection in RACs and in Chisinau was concluded as of the day of the meeting. The residual interviews had to take place in all the remaining raions of Moldova. The data collection will be concluded with a week. The sample is distributed the following way: RACs - 98 interview; outside of RACs - 561 interviews; Chisinau - 433 interviews; outside of Chisinau - 140 interviews.
- There is an ongoing process of consolidation of the lists of activities and indicators from the humanitarian sectors working in Moldova. These activities and indicators will further be incorporated in the ActivityInfo to replace the current 5W system. The deadline was given until Friday (27.05) for the sector leads to submit the lists of activities and indicators.
- IMWG coordination team reminded about WG's [contact list](#), based on which the mailchimp emailing was created. For the sake of accurate distribution, all the partners are encouraged to timely edit their data in the list.

The next IMWG meeting is scheduled for Thursday, 2 June 2022
