

MHPSS SUB-WORKING GROUP

March 2022

ROMANIA

As of 7 April 2022

641,276 people have crossed from Ukraine into Romania

560,048 have left Romania for other countries

81,228 have remained in Romania

The Romania MHPSS sub-Working Group

has 44 members

meets at 13:30 CET every Friday

has 10 organizations working in cities/urban centres

from 22 organizations

has 6 organizations working at border points

and works in Ukrainian, English, Russian and Romanian

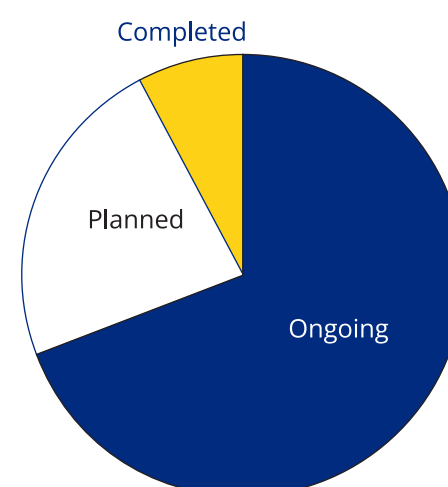

Objectives

1. Provide a technical platform for better coordinated and focused inter-agency emergency response to the **mental health and psychosocial support (MHPSS)** needs of populations of concern in Romania
2. **Strengthen safe and ethical service provision** aligned with Inter-Agency Standing Committee (IASC) standards, analysis and transparent sharing of data and information pertaining to MHPSS needs, priorities and activities in Romania, including needs assessments
3. Promote and support **quality MHPSS interventions** through joint capacity building activities to ensure quality standards
4. Promote the **engagement and leadership of the government** and encourage the representation of diverse MHPSS partners and stakeholders within the task force, including government partners, UN agencies, and I/NGOs
