Inter-Agency Joint Data Analysis Initiative

Objective: work with RCF partners to analyse available datasets to identify key priorities, risks, assumptions and information gaps to guide 2023 planning, and provide data evidence for advocacy, policy changes and adaptation of the response.

Next Steps:

1. E-mail on guidance regarding submission of research questions to be submitted to all RCF Partners.
2. Submission of Research Questions by August 14th.

Timeline

Research Questions

From Mid-July to Mid-August organizations are invited to submit research questions to Inter-Agency Coordination Team.

Initial Data Analysis

From Mid-August to early September IM WG and IAC Team will run data analysis based on questions submitted by partners.

IA Data Analysis and Interpretation Workshop

In the first week of September, an Inter-Agency Data Analysis and Interpretation Workshop will take place to identify risks, priorities and gaps.

IA Joint Data Interpretation Report

Based on the results of the IA Workshop, IAC and IM teams will draft an IA Report to be reviewed by all sectors.

Inter-Agency Winterization Strategy

Objective: work with RCF partners to develop an IA Winterization Strategy in coordination with the Government of Moldova, which shall include:

1. Winter specific challenges, risks and constraints per sector;
2. Priority response activities per sector;
3. Sector standard response package;
4. Prioritization criteria and Targeting;
5. Existing capacity and gaps.

Timeline

Mapping of Planned Activities

Kobo Form on Winterization to be shared with all partners by Friday for them to provide information on their planned activities in the context of winterization.

Consolidation of Information

Inter-Agency Coordination Team will consolidate information and share with sector leads and partners during the week of August 9th.

IA Winterization Workshop

An Inter-Agency Winterization Workshop will take place during the last week of August.

IA Winterization Strategy

Inter-Agency Winterization Plan to be jointly drafted together with sectors during September.
