**Eviction Risk Mapping**

IDP sites were assessed based on their risk of eviction. Several factors were put into consideration such as IDP site tenure, type of agreements in place and whether an eviction notice has been issued recently.

- 67% of sites have communal/permanent occupancy type of land tenure
- 67% of sites have no agreements in place
- 100% of those that have agreements have oral agreements
- 100% of those that have agreements have no agreed end dates
- 0% of sites have been issued with eviction notice within the last 3 months

**Flood Risk Mapping**

IDP sites were assessed based on their risk of flooding. None of IDP sites have been classified as extreme (always floods) and high (floods frequently).

- High (flood frequently): 33%
- Medium (floods infrequently): 33%
- Low (does not flood): 33%

**People living with disability**

Using the Washington Group disability questions, statistics of people living with disabilities were derived:

- 8 (38% Female) have difficulty with seeing (even wearing glasses)
- 2 (50% Female) have difficulty with hearing (even using a hearing aid)
- 1 (100% Female) have difficulty with communicating and/or understanding
- 15 (53% Female) have difficulty with walking and/or climbing stairs
- 6 (67% Female) have difficulty with dressing and/or washing
- 1 (100% Female) have difficulty with remembering/concentrating
