**Action Points:**

- 1) CWG members to share their cash activities on  [5W](#) document to facilitate co-ordination (any missing input to be placed before the next CWG meeting)
- 2) CWG members to update the  [methodological document](#) on any non-MPCA that is provided (e.g., sectoral cash assistance, top-up to MPCA), especially on the rationale of providing this assistance. Alternatively, you may reach out to the co-chairs, to put this in the document.
- 3) UNHCR to share the data-sharing agreement template for comments
- 4) UNHCR to share the SOP for sharing of data for deduplication for comments
- 5) UNHCR to share sample excel sheets that are used for uploading data to the shared database (CashAssist and RAIS)
- 6) Red Cross to share a small note/guide, possibly in Ukrainian and English, on how to find the tax number using the DIAA application (using the already created contents)

- 7) Unique identifiers of tax number, passport number and temporary protection number to be used for de-duplication
