BACKGROUND

Since the beginning of hostilities, nearly one-third of Ukrainians have been forced from their homes. This is one of the largest displacement crises in the world today. Within Ukraine, nearly 7 million people remain displaced by the war. As of today, UNHCR estimates there are over 7 million refugees present across Europe. Over 3.9 million refugees from Ukraine have registered for temporary protection or similar national protection schemes. More than 11.9 million movements out of Ukraine have been recorded since 24 February, with over 5.3 million movements back into the country.

UKRAINE SITUATION UPDATE

- **The estimated number of internally displaced persons (IDPs) in Ukraine has increased by 330,000 between end July and end August, from 6.645 million to 6.975 million**, according to the latest [Internal Displacement Report](#). The current IDP figure of 6.975 million equates to around 16 % of Ukraine’s population being internal displaced. More than 60 % of the IDPs are from eastern oblasts, 20 % are from southern oblasts and 10 per cent are from Kyiv, while around 70 per cent of the total IDP population are women.
- **While the number of IDPs arriving in Zakarpatska oblast is gradually increasing—with at least 100,000 new estimated IDP arrivals since July—some IDPs in both Zakarpattia and Ivano-Frankivsk have reportedly returned to their areas of origin due to relocations from collective centres as they were unable to find affordable accommodation outside of collective centres.** Employment in Zakarpatska and Ivano-Frankivsk oblasts is also a mounting issue for IDPs. According to partners however, IDPs have not yet turned to taking alternative jobs and prefer to continue seeking opportunities in their areas of expertise. Moreover, partners report that the accommodation and employment challenges IDPs are facing are exacerbating mental health needs and, in some locations, leading to tensions with host communities.
- **Fighting remains intense in eastern Ukraine, with ongoing advice from authorities for people to evacuate.** Up to 2,500 evacuees arrive daily by bus from different oblasts and by train from Pokrovsk in Donetsk oblast, while more than 2,000 people, mainly from Khersonska oblast, evacuate to Zaporizhzhia daily.
- **On 24 August, a missile attack near the train station in Chaplyne, Dnipropetrovsk oblast, resulted in at least 25 people killed, including children, according to Ukrainian authorities.** UN RC/HC in Ukraine Denise Brown issued a [statement](#) condemning the violence and highlighting the ongoing hostilities and loss of life occurring in Ukraine, noting recent intense shelling and destruction of frontline cities, including Nikopol and Zelenodolsk, in Dnipropetrovska oblast.
- **On 18 August, missiles fell close to two collective centres, with around 50 IDPs inside, in Kharkiv city.** According to preliminary data, 17 people were killed and 8 injured. UNHCR partner Proliska provided psychosocial support (PSS) and humanitarian assistance to the affected people.

KEY FIGURES IN UKRAINE (AS OF 30 AUGUST)

UNHCR RESPONSE TARGETS*

*The targets are subject to the receipt of the funding requirements detailed on the last page.

UNHCR RESPONSE IN UKRAINE

Protection

- **505,385** people received protection assistance, advice and referrals at border crossing points, transit and reception centres and through hotlines.
- This includes **protection counselling and services**, including **psychosocial support and legal aid**. **218,469** people received protection information, support or counselling; **147,594** people received information and counselling through hotlines; **61,055** people received legal counselling or assistance; **50,452** people received psychosocial support or psychological first aid; **10,358** received social support. This is in addition to **5,362** protection monitoring missions which have been conducted.
- Over the past week, **UNHCR and partners conducted 64 monitoring visits to border crossing points** with Poland, Slovakia, Hungary, Romania, and Moldova. In the process, 334 people on the move received protection counselling, 78 received legal assistance, and 9 were supported through social accompaniment.

Shelter

- **Over the reporting period, UNHCR delivered 1,000 emergency shelter kits to hard hit areas in Dnipropetrovska and Sumska oblasts.** Among these were emergency shelter kits and materials which were delivered to three dormitories hosting 200 IDPs affected by recent missile strikes in Dnipro.
- **UNHCR delivered 200 ESKs to finish the repair of the dormitories at the Pivdenmash (formerly Yuzhmash) plant in Dnipro that were destroyed by missile strike.** UNHCR also provided additional construction materials to repair the dormitories. As a result of UNHCR's immediate emergency response, around 200 IDPs will be able to return to their place of residency before the winter.
- **Between 22 and 29 August, UNHCR delivered 6,021 relief items to address the needs of 750 IDPs staying in collective centres in Mykolaiv oblast.** The items included mattresses, pillows, kitchen sets, blankets, jerry cans and solar lamps.

Multipurpose Cash Assistance

- Since the beginning of cash enrolment in Ukraine on 17 March, **cash assistance has been disbursed to 535,579 people.**
- Cash assistance is one of the most efficient and effective ways to support people who have been forced to flee from their homes. It serves as a transitional safety net before people find a job or are included in national social protection schemes.
- An **interactive Cash Working Group dashboard** showing overall progress can be accessed [here](#). A cumulative **3.49 million people** have received cash assistance through 30 Cash Working Group partners.
- **As part of winter preparedness and response, enrolment criteria for cash assistance has been amended to include conflict-affected persons and returnees.** The decision follows extensive discussion and agreement on the strategy with Cash Working Group partners and key donors. The Ministry of Social Policy [announced](#) the expansion of the MPCA programme on 25 August, and will be sharing additional lists with UNHCR to facilitate assistance for conflict-affected persons.

Core Relief Items

- To date, **723,619 people have benefitted from core relief items and food assistance across eastern, central and western Ukraine.** This includes **159,472** people who received food assistance and **27,206** who were in receipt of shelter kits.
- **147,842 people have received assistance through 241 humanitarian convoys delivered to hard-hit areas.** Access to people in these areas remains extremely challenging with continuing security risks, both for affected civilians as well as humanitarian actors.
- So far, UNHCR has supported **308 reception and collective centres** run by the Government to increase their capacity to host IDPs. A total of **93,899 additional sleeping spaces** at these centres have so far been created.

COORDINATION

Ukraine

UNHCR leads the Protection and Shelter Clusters as well as the Camp Coordination Camp Management (CCCM) Cluster which was activated as of 1 March in Ukraine. In addition, as co-lead of the Logistics Working Group in Ukraine, UNHCR is facilitating the movement of humanitarian convoys in coordination with OCHA (Office for the Coordination of Humanitarian Affairs). The UNHCR-led Protection Cluster has established a national coordination office in Lviv and plans to establish sub-national coordinators in Dnipro, Lviv, Uzhhorod and Vinnytsia. Both the Child Protection and GBV Sub-Clusters are similarly expanding their presence.

Regional Refugee Response

UNHCR has facilitated the establishment of coordination structures in line with the Refugee Coordination Model, in order to support the overall coordination of relevant governments. A Regional Refugee Response Plan (RRP) was developed in early March. A revised version of the RRP extending through December 2022 has since been published, bringing together the joint efforts of 142 partners. Inter-agency Refugee Coordination Forums (RCFs), led by UNHCR, and specific sectoral groups, have been established at country level in Belarus, Bulgaria, the Czech Republic, Hungary, the Republic of Moldova, Poland, Romania and Slovakia to support the efforts of the concerned governments. The structures are intended to be agile and will be adjusted as the situation evolves.

UNHCR leads the Refugee Coordination Forum (RCF) at country-level in **Hungary** to ensure a harmonized response within existing government structures and among inter-agency partners, NGOs, volunteers and other stakeholders, with associated working groups (Protection, including Child Protection and Education, and Basic Needs – including Shelter, Food, and Non-Food Items) and two cross-cutting task forces (the Prevention of Sexual Exploitation and Abuse and Mental Health and Psychosocial Support) to effectively coordinate inter-agency partners' response.

In **Moldova**, an Inter-Agency Coordination Group has been established with more than 70 participating members. UNHCR leads the RCF and co-chairs the Cash, Education, Information Management (IM), Protection, Accommodation & Transportation, and Logistics & Supply Working Groups; GBV and Child Protection Sub-Working Groups; the Gender Task Force; and the PSEA Network. The Government of Moldova has established a Single Emergency Management Centre under the

Blue Dots

UNHCR and UNICEF are jointly establishing 'Blue Dots' in multiple countries receiving refugees fleeing Ukraine. To date, a total of 36 are already operational including in:

Bulgaria	6	Moldova	8	Slovakia	3
Hungary	3	Poland	8		
Italy	2	Romania	6		

UNHCR has reinforced staffing for the Blue Dot roll-out with one coordinator to ensure consistency in approach, provide support, and enhance assessment and quality assurance.

UNHCR is rolling out an accessibility checklist to make sure Blue Dot locations are accessible to everyone, including persons with disabilities. UNHCR is developing a joint Monitoring Framework and Feedback and Complaints Mechanism for all Blue Dots, together with UNICEF and other partners.

Prime Minister's Office, where UNHCR represents the Inter-Agency Coordination Group, ensuring coordination between the two.

In **Poland**, UNHCR leads the overarching refugee coordination structure in Poland, in support of the Government-led response. The thematic sector working groups include Protection (with sub-sector working groups on Child Protection, Gender-based Violence, Counter-trafficking, Third-Country Nationals, and Mental Health and Psychosocial Support); Health; Education; Shelter; Basic Needs, including Food Security, Water and Sanitation and Core Relief Items; and Logistics. In addition, there are transversal working groups on Cash, Information Management, Accountability to Affected Populations and Prevention of Sexual Exploitation and Abuse.

In **Romania**, UNHCR has set up the Refugee Coordination Model structure made up of eight sector Working Groups, one Anti-Trafficking Task Force and a PSEA network, which are co-led by UNHCR and other UN agencies, government counterparts and NGOs. UNHCR leads the Protection Working Group and PSEA network, and co-leads the Child Protection Sub-Working Group, Information Management Working Group, Cash Working Group and Basic Needs Working Group. Leads and co-leads attend the governmental sectoral Working Group meetings. As such, governmental and humanitarian coordination structures are operating to mutually reinforce each other, under governmental leadership. A total of 23 international and national partners are part of the Refugee Response Plan for Romania.

In **Slovakia**, a response-wide Refugee Consultation Forum (RCF) is in place that meets alternatively in Bratislava and in eastern Slovakia and is co-chaired by the Government and UNHCR. Within the RCF, seven working groups and sub-working groups are operating (Anti-Trafficking, Cash, Child Protection, Health, Information Management, MHPSS, Protection and Inclusion) as well as a UNHCR-led PSEA Task Force while Accountability to Affected Persons (AAP) is mainstreamed across all groups and made an RCF standing agenda item. UNHCR also convenes a regular humanitarian and development Donor Group. In early June, the Prime Minister announced the reactivation

of a Steering Committee dedicated to integration. This body, created in 2014, to ‘find solutions for foreigners and looking at ways to integrate them’, is now being reactivated and tasked with the inclusion and integration of Ukrainian refugees. RCF partners are furthermore supporting the ongoing engagement of the Slovak Republic with the Global Compact on Refugees (GCR) as a means of systematizing and sharing good practices with other countries facing similar challenges, and in view of cultivating pledges related to its national response for the Global Refugee Forum in 2023.
