UNHCR presented a background on the Global Compact on Refugees and encouraged LWG members to submit Good Practices that are aligned with the main objectives of the Global Compact on Refugees (GCR), via the GCR Good Practices Template Form (attached). Please utilize this opportunity strategically to showcase good practices with a potential to be broadened in scale, and to also highlight certain financial/policy/legal etc. challenges and align calls for support to a regional/international audience, particularly as we prepare for the Global Refugee Forum in 2023.

Please find below some materials on the GCR/GRF:
- UNHCR Digital Platform for GCR Good Practices
- UNHCR Pledges Dashboard tracking implementation of Good Practices
- GCR Indicator Framework – 15 indicators to measure progress towards the GCR
- GCR Indicator Report 2021 – first report taking stock of progress towards the GCR; Jordan country profile is available on page 32
- HLOM Jobs & Livelihoods Pre-Stocktake Report
- Presentation
