## COORDINATION

### Ukraine

UNHCR leads the Protection and Shelter/ NFI Cluster as well as the Camp Coordination Camp Management (CCCM) Cluster which was activated as of 1 March in Ukraine. As lead of the three clusters, UNHCR led the development of the 2022 Interagency Ukraine Winterization Plan to support vulnerable families ahead of winter.

In addition, as co-lead of the Logistics Working Group in Ukraine, UNHCR is facilitating the movement of humanitarian convoys in coordination with OCHA (Office for the Coordination of Humanitarian Affairs). The Protection Cluster continues to coordinate the humanitarian response at the National Coordination Office temporarily located in Lviv and at Field Hubs in Chernivtsi, Dnipro, Lviv, Uzhhorod and Vinnytsia. Both the Child Protection and GBV Sub-Clusters are similarly expanding their presence.

### Regional Refugee Response

UNHCR has facilitated the establishment of coordination structures in line with the Refugee Coordination Model, in order to support the overall coordination of relevant governments. A Regional Refugee Response Plan (RRP) was developed in early March. A revised version of the RRP extending through December 2022 has since been published, bringing together the joint efforts of 142 partners. Inter-agency Refugee Coordination Forums (RCFs), led by UNHCR, and specific sectoral groups, have been established at country level in Belarus, Bulgaria, the Czech Republic, Hungary, the Republic of Moldova, Poland, Romania and Slovakia to support the efforts of the concerned governments. The structures are intended to be agile and will be adjusted as the situation evolves.

UNHCR leads the Refugee Coordination Forum (RCF) at country-level in **Hungary** to ensure a harmonized response within existing government structures and among inter-agency partners, NGOs, volunteers and other stakeholders, with associated working groups (Protection, including Child Protection and Education, and Basic Needs – including Shelter, Food, and Non-Food Items) and two cross-cutting task forces (the Prevention of Sexual Exploitation and Abuse and Mental Health and Psychosocial Support) to effectively coordinate inter-agency partners' response.

In **Moldova**, an Inter-Agency Coordination Group has been established with more than 70 participating members. UNHCR leads the RCF and co-chairs the Cash, Education, Information Management (IM), Protection, Accommodation & Transportation, and Logistics & Supply Working Groups; GBV and Child Protection Sub-

### Blue Dots

UNHCR and UNICEF are jointly establishing 'Blue Dots' in multiple countries receiving refugees fleeing Ukraine. To date, a total of 34 are already operational including in:

Bulgaria	6	Moldova	8	Slovakia	3
Hungary	3	Poland	8		
Italy	2	Romania	4		

Responding to the critical need of safety, stability, updated and accurate information and specialised protection services, UNHCR and UNICEF have jointly established the Blue Dot Safe Space, Protection and Support Hubs, spaces where refugees can find information, support and referrals for health care, education, psychosocial support and more, all under one roof. Services available at Blue Dot hubs aim to assist all refugees, with a specialised focus on children and those at greatest risk, people with disabilities, people who might have been trafficked, survivors of violence and refugees from the LGBTQI+ community.

Working Groups; the Gender Task Force; and the PSEA Network. The Government of Moldova has established a Single Emergency Management Centre under the Prime Minister's Office, where UNHCR represents the Inter-Agency Coordination Group, ensuring coordination between the two.

In **Poland**, UNHCR leads the overarching refugee coordination structure in Poland, in support of the Government-led response. The thematic sector working groups include Protection (with sub-sector working groups on Child Protection, Gender-based Violence, Counter-trafficking, Third-Country Nationals, and Mental Health and Psychosocial Support); Health; Education; Shelter; Basic Needs, including Food Security, Water and Sanitation and Core Relief Items; and Logistics. In addition, there are transversal working groups on Cash, Information Management, Accountability to Affected Populations and Prevention of Sexual Exploitation and Abuse.

In **Romania**, UNHCR has set up the Refugee Coordination Model structure made up of eight sector Working Groups, one Anti-Trafficking Task Force and a PSEA network, which are co-led by UNHCR and other UN agencies, government counterparts and NGOs. UNHCR leads the Protection Working Group and PSEA network, and co-leads the Child Protection Sub-Working Group, Information Management Working Group, Cash Working Group and Basic Needs Working Group. Leads and co-leads attend the governmental sectoral Working Group meetings. As such, governmental and humanitarian coordination structures are operating to mutually reinforce each other, under governmental leadership. A total of 23 international and national partners are part of the Refugee Response Plan for Romania.

In **Slovakia**, a response-wide Refugee Consultation Forum (RCF) is in place that meets alternatively in Bratislava and in eastern Slovakia and is co-chaired by the Government and UNHCR. Within the RCF, seven working groups and sub-working groups are operating (Anti-Trafficking, Cash, Child Protection, Health, Information Management, MHPSS, Protection and Inclusion) as well as a UNHCR-led PSEA Task Force while Accountability to Affected Persons (AAP) is mainstreamed across all groups and made an RCF standing agenda item. UNHCR also convenes a regular humanitarian and development Donor Group. In early June, the Prime Minister announced the reactivation

of a Steering Committee dedicated to integration. This body, created in 2014, to ‘find solutions for foreigners and looking at ways to integrate them’, is now being reactivated and tasked with the inclusion and integration of Ukrainian refugees. RCF partners are furthermore supporting the ongoing engagement of the Slovak Republic with the Global Compact on Refugees (GCR) as a means of systematizing and sharing good practices with other countries facing similar challenges, and in view of cultivating pledges related to its national response for the Global Refugee Forum in 2023.
