Opening Remarks

Karolina Bogusz - Dyrektor Biura Wojewody Podkarpackiego

Armen Yedgaryan – UNHCR Head of Sub Office, Rzeszow
Update on the Act on Assistance to Citizens of Ukraine

Act on Assistance to Citizens of Ukraine in the Context of the Armed Conflict in Ukraine

Lorena Isla Rodriguez - UNHCR Sr. Protection Officer, Warsaw
Scope – TPD/ Special Act

Applies to:
- Ukrainian citizens displaced as a consequence of hostilities
- Spouses

Does not apply to:
- Third country nationals
- Stateless persons
- Ukrainian citizens previously residing in POL
Scope – Temporary Protection Certificates

Act on granting protection to foreigners within the territory of the Republic of Poland of 13 June 2003

Applies to:
- Recognized refugees and stateless persons and family members
- “Adequate protection”: permanent residents unable to return to CoO

Does not apply to:
- Asylum seekers
- Persons at risk of statelessness/stateless not formally recognized
Status & Documentation

- **Status**: Temporary Protection holders

- **Duration**: stay is legal in Poland for 18 months from 24 February 2022 (until 24 August 2023)

- **Registration and documentation**:  
  - PESEL Number – “UKR”  
  - Diia.pl:  
    - Digital travel document  
    - Residence permit – Schengen Border’s Code Annex 22.  
  - Residence permit:  
    - 9 months after issuance of PESEL  
    - Responsible authority: voivodships  
    - Validity: 3 years
Confirming eligibility for TPD

Flexible requirements

• Travel document, and/or other documents with a picture enabling confirmation of identity

• In the absence of documents, the identity is confirmed based on a declaration.

• Date of entry: communication between Municipality and Border Guards
Return to Ukraine

• **Departure for over 30 days:** deprives TPD holders of the right to legally stay in Poland on the basis of the Act, unless persons are directed to perform work or services outside Poland by entities operating in Poland.

• **The UKR status can however be restored:**
  ✓ if the person to whom the PESEL number was assigned confirms that his/her residency outside Poland did not last longer than 1 month;
  ✓ upon arrival on the territory of Poland from the territory of Ukraine in the context of hostilities.
    ✓ This entry should then be documented or registered in the register of Ukrainian nationals kept by the Commander-in-Chief of the Border Guard.
    ✓ If this entry has occurred across the Polish border the re-establishment of UKR status is automatic;
  ✓ as a result of a renewed application for a PESEL number.
Moving onwards into other EU MS

EC TPD Implementing Decision & Operational Guidance

Before issuance of a residence permit

- Right to move freely within the Union after being admitted into the territory for a 90-day period.
- Ability to choose the Member State in which they want to enjoy the rights attached to temporary protection and to join their family and friends across the significant diaspora networks that currently exist across the Union.

Special Act Poland

Before issuance of a residence permit

- Does not prohibit settling in another MS with a view of obtaining TP there
Move onwards into other EU MS

EC TPD Implementing Decision & Operational Guidance

After issuance of residence permit:

– Once a Member State has issued a residence permit, the person enjoying temporary protection has the right to travel to other Member States than the one issuing the residence permit for 90 days within a 180-day period.

– If such a person subsequently moves to another Member State, where s/he receives another residence permit under temporary protection, the first residence permit issued and its ensuing rights must expire and be withdrawn,

Special Act Poland

- In that case, the Temporary Protection Status will be deactivated (beyond 30 days)

Winterization Planning
with consideration for contingency influx

Bryant Castro – UNHCR Inter-Agency Coordination Officer, Rzeszow
Helene Michalak – UNHCR Inter-Agency Coordination Officer, Warsaw
Background and Purpose

Warsaw Winterization Workshop held on 24 August 2022

• Focus on winterization response
• Aim to bring together the GoP with sector leads and operational partners
• Results include a generalized national level narrative and actions listing 3W
• Next step, target priority area to develop more precise and area-specific plan

Rationale for combining winterization and contingency

• Probability that conflict-related influx will overlap with winter season
• Similar scenario figures
• Streamline the planning exercise
Key Considerations for Planning

Climate:
• Winter temperatures may reach sub-zero at night from September until March / early April.
• Border Guard processing capacity may cause waiting lines on both sides of the border.
• Transportation services for onward transportation may cause waiting lines on Polish side.

Areas of Displacement:
• Displacement mostly directed to the main urban centres.
• Access to existing community networks, services and employment are major pull factors for refugees to move to large cities and urban areas in Poland.

Initial Points Raised by GoP in Winterization Workshop:
• Support to vulnerable Poles and host communities in addition
• Use of cash as a modality for providing financial support; encourage PESEL registration for GoP support
• Provide interventions in small-medium cities and rural areas; promote decongestion
Winter/Contingency Scenario

Operational Assumptions:
- Disruption/limitations of heating supply networks may push persons during winter conditions.
- Large-scale displacement is highly likely due to significant intensification of armed conflict.
- 2.2M IDPs within Ukraine and up to 1.8M new asylum seekers/refugees in neighbouring countries.

Estimated Number of New Arrivals (Total Poland):
- Xxx estimated asylum seekers/refugee new arrivals (in 3 months)

Estimate Number of New Arrivals (Only Podkarpackie):
- Approximately 56% of total inflow

Duration of Expected Stay:
- Potential up to 50% remain in Poland, others continue onward journey to neighboring countries.
