SITUATION OVERVIEW

Under the Emergency Shelter and Non-Food-Items (ES/NFI) Cluster, UNHCR continues to respond to the shelter and basic core relief item needs of Internally Displaced Persons (IDPs) in Northern Ethiopia and other parts of the country. ES/NFI support is being provided to the population affected by displacement and drought, with special emphasis on the needs of women, children, people with disabilities and the most vulnerable or at risk.

UNHCR response ranges from emergency relief to IDPs who are residing in temporary accommodation centers, within the host communities and in formal sites to promotion of durable solutions for families who have returned and those that have relocated.

As of December, UNHCR has reached 1,054,957 persons with ES/NFI assistance, representing 30% of the total of 3.5 million people reached by the joint ES/NFI cluster in Ethiopia.
