- No: 28%
- Yes: 71%

WERE THOSE FIRE WARDENS TRAINED
- No: 2%
- Yes: 98%

Some reasons the Fire extinguishers weren't used
- The shelter is far away from the Fire Safety point
- The fire was controlled and put down using water truck nearby
- Fire warden was not in the site at that moment.
- The fire was controllable
- No phone coverage, couldn't contact the fire Warden to have access to them
- IDPs used sands to put out the fire
- only women were there, they couldn't use the fire extinguisher
