

International Blue Crescent Relief and Development Foundation (IBC) Friday, 17 February 2023 Situation Report 12 – updated 23:59 (GMT+3)

Türkiye-Syria Earthquakes Response Day 12: Grim Milestones and Careful Considerations as Rescues Remain Rare

International Blue Crescent Relief and Development Foundation would like to extend our sincere condolences to all those affected by the earthquakes last week. IBC employees in the region are safe and accounted for, though some have lost family members and loved ones and saw their entire homes destroyed. Thank you to all who are mobilizing and to the heroic search and rescue teams on the ground. Immense and continued cooperation is needed to prevent further loss of life and suffering.

Day 12 Developments

IBC Cross-Border Field Team evaluates a camp in Northwest Syria with AFAD and local officials

At least 45,463 people have lost their lives so far in the February 6th earthquakes with 7.5- and 7.8-magnitude on the Richter scale just hours and kilometers apart in Southern Türkiye just twelve days ago. As of this afternoon, Minister Suleyman Soylu updated the death toll in Türkiye to 39,672¹ meanwhile the United Nations Office for the Coordination of Humanitarian Affairs (OCHA) reported two days ago that 5,791² people have died in Syria (Assistance Coordination Unit (ACU) reports 4,518 in Northwest Syria alone as of today)³. According to experts, the number of casualties is likely to climb significantly, especially as recovery and clean-up is moving slow or has not even begun yet in some of the hardest hit areas of Kirikhan and Antakya of Hatay and Islahiye and Nurdagi of Gaziantep among other areas in the earthquake zone. Local organizations on the ground in Syria report that many of the hardest hit areas in Northwest Syria have not been able yet to conduct full search, rescue, and recovery. Further, the injuries reported in Türkiye have reached 108,068 and 216,347 disaster victims were reportedly evacuated from the region to other provinces.⁴ In

International Blue Crescent Relief and Development Foundation (IBC) Friday, 17 February 2023 Situation Report 12 – updated 23:59 (GMT+3)

Northwest Syria, ACU reports 8,385 people injured with estimates confirming the existence of hundreds of people trapped under the rubble and statistics still ongoing; the highest numbers of casualties and injuries in Northwest Syria come from Harim/Idleb with 2,507 dead and 5,687 injured, and Afrin/Aleppo with 1,182 dead and 1,013 injured. In Türkiye, the most affected provinces of Hatay, Kahramanmaraş, Gaziantep, Malatya, Sanliurfa, Diyarbakir, Adana, Adiyaman, Osmaniye, Kilis, and Elazig remain under a state of emergency since last Friday, continuing for the next three months.

"The ground in Turkey and northern Syria was torn, cracked open, and dragged in different directions after the massive 7.8 magnitude quake and its aftershocks on Feb. 6."

Following the earthquakes and reported 4,734 aftershocks⁶, many frightened earthquake survivors, including IBC staff, continue to sleep in their cars for fear of safety and lack of adequate shelter in the frigid February winter. In Türkiye, engineers are evaluating the safety of remaining buildings. In the regions affected by the earthquakes, damage assessment studies were carried out on 2,196,088 independent units in 481,865 buildings. It was determined that 263,800 independent units in 61,722 buildings assessed for damage were in urgent need of demolition. According to the written statement made by the Ministry of Environment, Urbanization and Climate Change, 15,248 buildings in Hatay, 12,980 buildings in Kahramanmaraş and 12,964 buildings in Gaziantep need to be demolished urgently. More than 7,000 experts, including 400 professors and associate professors from more than 20 universities, and many volunteer civil engineers, will continue their work in the earthquake zones until all areas have been adequately studied. Meanwhile ACU's latest report shows the number of buildings totally destroyed in Northwest Syria as 1,793 and number of partially destroyed buildings as 7,985 with the most affected areas being Harim and Jisr-Ash-Shugur/Idleb and Afrin and Al-Bab/Aleppo.

IBC Field Team with Partner Muslim Charity examining the situation for earthquake victims in Gaziantep

Massive mobilization efforts have brought a total of 28,160 search and rescue personnel on the ground in Türkiye led by the Ministry of Interior Disaster and Emergency Management Presidency AFAD, PAK, JÄK, JÖAK, DİSAK, Coast Guard, DAK, Güven, Fire Brigade, Rescue, MEB, NGOs and including 11,488 international search and rescue personnel. Additionally, the total number of

International Blue Crescent Relief and Development Foundation (IBC)

Friday, 17 February 2023 Situation Report 12 – updated 23:59 (GMT+3)

personnel working in the region is reported as 264,389, together with the number of field personnel assigned in the field, including AFAD, Police, Gendarmerie, MSB, UMKE, Ambulance Teams, Local Security, Local Support Teams and 9,908 volunteers. Disaster Working Groups have been formed especially around the themes of shelter, nutrition, and psychosocial support. AFAD reports that 386,874 tents have been shipped by ministries, relevant institutions and organizations and international countries and organizations, of which 172,265 have been set up. Mobile Kitchens, hot meals, soup, bread, water, and other food items were emphasized since the first days and most people in the disaster zones have access to these regularly by now. Lastly, nearly 500,000 earthquake survivors have been provided with psychosocial support in the last two weeks, but there is an urgent call for scale up by all NGOs in the field in addition to taking care of the most vulnerable women, children, elderly, and persons with disabilities' protection needs when planning and implementing programs for the earthquake survivors.

IBC Field Team visited Nurdagi/Gaziantep multiple times this week

On February 16th, the UN launched a three-month flash appeal for US \$1 billion for Türkiye to help the earthquake victims. The funding will help local partners and humanitarian organizations mobilize resources and personnel to reach more than 5 million people affected by last week's shocking earthquakes. While earthquake response is now full-scale and multilateral, aid delivery continues to lag in reaching hard-to-access areas like remote villages in the Turkish countryside and Northern Syria. The UN reports a total of 143 trucks carrying aid from Türkiye to Northwest Syria have crossed the border since February 9th. However, more scale up and in particular specialized medical staff is needed, as despite the meager services currently available in Northern Syria, hundreds of Syrian refugees are making their way back to the region in a massive exodus from the earthquake zone. Border officials report that more than 1,790 Syrians have returned home from Türkiye, as of Wednesday. Many people returning home say they want to comfort their loved ones and care for their families. Only Syrians under temporary protection and living within the Turkish disaster region are allowed to enter Syria with permission to stay for 6 months and cannot return to Türkiye during the 3 months of state of emergency.

International Blue Crescent Relief and Development Foundation (IBC) Friday, 17 February 2023 Situation Report 12 – updated 23:59 (GMT+3)

IBC in the Field

IBC Field Team meets with Muslim Charity to discuss developments in Kirikhan/Hatay

International Blue Crescent Relief and Development Foundation (IBC) continues its response in the disaster region, particularly the provinces of Gaziantep, Kahramanmaras, Kilis, Hatay, Sanliurfa, and A'zaz/Northwest Syria. IBC released a full response appeal this week and will continue with ongoing assessments in Kahramanmaras, Malatya, Hatay, Adiyaman and Suruc as well. Currently IBC is operational in three places in the field: Kilis, Gaziantep, and Sanliurfa; with a sub-office in Hatay however, as the field assessments become clearer and funding becomes more available, IBC will be extending services and set-ups to further locations as illustrated in the Türkiye and Syria maps further down below. For the past few days, IBC field staff has been land mapping for some container cities and community center tents including mobile kitchen and other services in Islahiye and Nurdagi/Gaziantep, Dogansehir/Malatya, Kirikhan/Hatay, and Elbistan/Kahramanmaras. These plans are in the works for the next days but as IBC we have already been approved for the land in Kirikhan and will begin working on it. IBC has much experience in shelter and emergency response including container cities, community and habitable tents, as well as mobile kitchens and bakeries due to such previous projects in Iran (managed 4 camps after the earthquake), Syria, and most recently in Ukraine and Moldova. In fact, IBC was started out of a project with the World Food Program on a mobile bakery project for Kosovans who escaped the war to refugee camps in Albania in 1999. Mobile kitchen, community center tent, and living solutions are concepts being developed now for Islahiye and Nurdagi/Gaziantep, Elbistan/Kahramanmaras, and Dogansehir/Malatya.

Land allotted to IBC by Kirikhan/Hatay Officials to set-up a container city (camp)

International Blue Crescent Relief and Development Foundation (IBC) Friday, 17 February 2023 Situation Report 12 – updated 23:59 (GMT+3)

Additionally, a caravan used by IBC as a mobile classroom and makeshift community support center is now being repurposed for service in the earthquake zone. Deployed for the rapid delivery of support activities, the IBC caravan is a mobile access point where the most vulnerable survivors especially children can find shelter, food, clean water, health, and psychosocial support services. Child and women-friendly spaces are top priority. Meals and other needs in the field are generally being met, but there is a great need for children's and baby kits including diapers. There is also a need for feminine hygiene products. These past few days an official from Islahiye/Gaziantep requested a mobile health service from IBC as the people in the field cannot reach the hospital. With support from partner Action Medeor, IBC hired a nurse and has been out in the field in Islahiye providing mobile health service from morning until evening. Dressing is done, blood pressure is checked and if necessary, the team transports people to the hospital. IBC looks to apply this model in the other projected operational areas including as part of its mobile component to reach the most vulnerable earthquake survivors.

IBC begins a mobile medic team with nurse and support of Action Medeor in Islahiye/Gaziantep

Also, today IBC Field Team did site visits with partner Muslim Charity in Nurdagi and Islahiye/Gaziantep, then to Kirikhan/Hatay to see the site designated for the container city and the planned caravans currently being mobilized from other IBC project sites. Photographs were taken and IBC field staff participated in an interview. In Kirikhan, the land allotted to IBC by the coordinating Governor and District Governor for the establishment of a container city was measured and upon realization of a larger surface area than originally discussed, further social activities will be planned in addition to the living facilities. Since we have received some support for the container city in Kirikhan to start, we expect the container city to begin forming gradually within the next two weeks and the more funding secured, the more containers can be installed and solve the living problem for the suffering earthquake survivors of Kirikhan. The land allotted can fit nearly 500 containers where 1 family lives in each container that includes a basic design of 2 rooms and a toilet. In these camps according to IBC's previous experience, some services that can be provided include laundry service, garbage collection, child-friendly spaces, and psycho-social support services.

International Blue Crescent Relief and Development Foundation (IBC) Friday, 17 February 2023 Situation Report 12 – updated 23:59 (GMT+3)

After Antakya, which is the central district of Hatay, Kirikhan is the district with the most destruction and death. IBC Field Staff in Hatay commented that even the debris removal operations have not yet begun. IBC Field team while in Kirikhan discussed together with partner Muslim Charity and local stakeholders the effects of the earthquake, the urgency of the need to begin activities and building, the organization of the container city, the community tent, hot meals, and plans to provide psychosocial support. Tomorrow the work of leveling the land will begin to prepare for containers in Kirikhan and mapping of caravan locations will be more clear, the aim is to make it accessible around Kirikhan and Antakya where there were Turkish, Syrian, and Afghan families. At the end, a few IBC team members went to Antakya/Hatay and in the evening returned to Kilis to close the day. After completion of distribution of food and blankets to 1,800 people the two days before which were supported by partners IDRF Canada and Action Medeor, activities will resume in Northwest Syria in the next days. The Cross-Border team looks to develop hot food delivery through a mobile kitchen, similar to the services developed/developing in Türkiye locations.

IBC Cross-Border Team delivered food and blankets to 1,800 earthquake survivors this week

In this second week of the earthquakes response, IBC's 24/7 work, on and behind the scenes securing funding and coordinating procurement of the most urgent items at scale in coordination with trusted partners, in addition to the relief delivered every day since the earthquakes hit, in the next days it is planned to continue developing the plans set in place this week from all sites visited. These activities fall under the <u>full response appeal</u> which we are grateful to say we have increased coverage by 4 percent in the past few days (from 21 percent to 25.5 percent raised); however, we still have 74.5 percent funding gap in our full appeal and will continue to seek support as we work with our generous partners to allocate their provided support according to the developing needs on the ground.

Meanwhile, activities continue at **IBC Kilis Community Center** with provision of hot meals of 6,000 meals 3x per day at distribution points Cumhuriyet Square and Erdogan Meydani under agreement with Turkish Red Crescent, AFAD, and partner MSF. IBC is also regularly providing food and basic needs distribution support to the 9,000-person capacity shelter at **Sanliurfa exhibition center**. Over the past 2 weeks, basic needs, winter items, baby care items, and thousands of blankets have been distributed with partners in Antakya/Hatay, Elibstan/Maras, and Islayihe/Gaziantep where IBC visited and started to set up community shelters with kitchen and continue doing distributions with support of partners. IBC will also implement a mobile component in these areas to reach nearby

International Blue Crescent Relief and Development Foundation (IBC) Friday, 17 February 2023 Situation Report 12 – updated 23:59 (GMT+3)

villages and are planning to visit Adiyaman and Sanliurfa Suruc district in the coming days for further assessment.

IBC community tents being developed in 6 locations, here is an example of the ones set up in Ukraine and Moldova

For earthquake survivors, IBC is working tirelessly to provide food, water, shelter, warmth, and essential needs. Headquarters staff, in concert with global partners, are mobilizing flows of vitally important medical supplies, food, hygiene kits, and basic needs equipment to fulfill the needs of the earthquake victims. Personnel on the ground continue to operate crucial, lifesaving operations while plans to expand and intensify activities are finalized. For now, IBC Kilis Community Center continues to serve as a major hub for coordination and relief efforts, including for cross-border response into Syria.

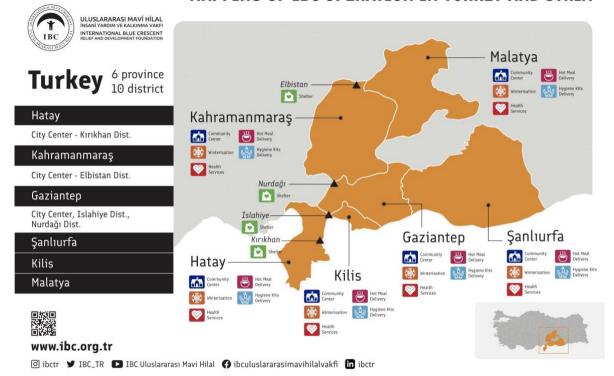

As a result of the assessments undertaken by IBC field staff and partners so far, **IBC has been taking the following actions:**

- Daily hot meal distribution in Kilis, 6,000 meals 3x/day
- Hot meal and blankets distribution started in NWS- in total 40,000 including 20,000 in Türkiye and 20,000 in NWS
- Establishing hot meal and food parcel distribution center in Hatay
- Delivered 4,000 thermal blankets to Gaziantep
- Provide wheat flour to Sanliurfa Municipality Halk Ekmek, distribute bread freely
- Establishing a shelter center of 200 prefabricated components in Hatay and Kahramanmaras and undertake all needs
- Support municipality in Sanliurfa for shelter housing 9,000 people; deliver baby food and diapers, sandwiches, blankets

International Blue Crescent Relief and Development Foundation (IBC) Friday, 17 February 2023 Situation Report 12 – updated 23:59 (GMT+3)

MAPPING OF IBC OPERATION IN TURKEY AND SYRIA

IBC Activities in development in Türkiye:

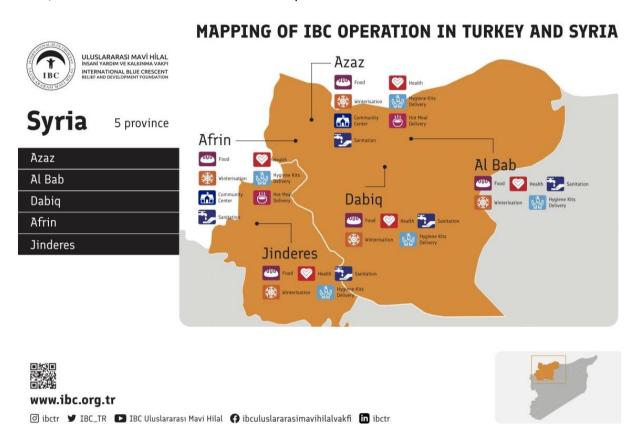

Multiple Locations

- IBC plans to be operational at Kilis, Sanliurfa Center, Maraş Center/Elbistan, Islahiye and Nurdağ/Gaziantep and 2 locations in Hatay Center and Kirikhan to be determined later in contact with local authorities
- In addition to community center tents already set up in Kilis and Sanliurfa, IBC will also establish in Kirikhan/Hatay, Elbistan/Kahramanmaraş, and Nurdagi and Islahiye Gaziantep, four community centers initial plan to run for 6 months
 - From each center, daily food, hygiene materials, blankets and hot meals for 1,000 people will be distributed
- Mobile teams of five staff are in five cities in Karahmanmaras, Gaziantep, Kilis, Hatay, Sanliurfa are continuing assessment for more programs
- IBC plans to establish prefabricated camps around the four community centers units of 100
 prefab houses with all sanitation and other facilities with a potential to expand to 500 houses
 and run them for at least six months
- Immediate distribution of relief items in Hatay (blanket, food, hygiene, etc. to be decided by IBC according to ongoing assessments)
- Hot-meal distribution in Kilis IBC Community Center, Sanliurfa Community Center that already
 continue and at the newly established community centers in Kirikhan/Hatay, Islahiye and
 Nurdagi/Gaziantep, Elbistan/Kahramanmaraş and will continue for 6 months. Each community
 center will provide hot meals to 1,000 persons daily
- Medical checks, treatment, and provision of basic medicine will be available in the community centers too by employing a doctor and a psychologist

International Blue Crescent Relief and Development Foundation (IBC) Friday, 17 February 2023 Situation Report 12 – updated 23:59 (GMT+3)

- Mobile health consultation (A team of a driver and a nurse; to visit families living on the streets, to do health checks especially for children and elderly, to call an ambulance or organize the transport if deemed necessary); In each city in total four mobile health consultation teams will be in force
- Distribution of 20,000 blankets in Hatay, Gaziantep, Kahramanmaras, Sanliurfa, and Malatya
- 20,000 Monthly food parcels distribution in Hatay, Kahramanmaraş, Gaziantep, and Sanliurfa
- 20,000 Hygiene packages distribution in Hatay, Gaziantep, Şanlıurfa and Kahramanmaraş
- 5,000 heaters to be distributed in all four provinces

IBC Activities in development in Northwest Syria (NWS)

Ad Dana, Sarmada, Atmeh together with Doctors without Borders (MSF)

- Support to 1,100 families left homeless providing arrival kits of 5,500 blankets and
 mattresses and 1,100: arrival items (tarpaulins, floor mat, insulating mat, fire extinguisher,
 rope), hygiene long-lasting kits (towels, sewing kit, comb, nail clippers, mirror, plastic jug
 for bathing, bucket), hygiene kit consumables (washing powder, detergent, kitchen dish
 cleaner, shampoo, hygienic pad, toothpaste, toothbrushes, soap, disposable razors,
 sponge), 6-person winter kits, kitchen kits
- Run one mobile clinic team in 5 Reception centers in the area by 1-day visit for each center per week, offering primary health services, dressing, mental health, and referral
- 5 OPD kit.; 15 trauma kits; 3 NCD kits
- 3,000 Gibson splints "Casting" (Plaster of Paris)
- Distribute 5,500 bread bags per day for 2 weeks for 1100 families
- Distribute 1,100 food basic items (including Bulgur, Sugar, Rice, flour, oil, tea, Helva, jam)

International Blue Crescent Relief and Development Foundation (IBC) Friday, 17 February 2023 Situation Report 12 – updated 23:59 (GMT+3)

Distribute tents for families doesn't have a place to stay (for 1100 families)

A'zaz

- Starting distribution of food and blankets in A'zaz and medical response through IBCmanaged Public Health Units in A'zaz and Dabiq
- Establish community center tent and run for 6 months initially providing daily food, hygiene materials, blankets and hot meals for 1,000 people will be distributed
- 10,000 monthly food kits will be distributed
- 10,000 monthly hygiene kits will be distributed
- 10,000 blankets to be distributed
- 1,000 Heaters to be distributed

Al-Bab

- Mobile clinic in Al-Bab with food for 1,000 families for a month then extended 6 months
- Distribution of 10,000 blankets in total

IBC would like to thank its generous partners, donors, and their networks so far who have allowed us to respond urgently to this devastation that has shaken the region to its core:

Action Medeor, Bridge, Conrad L. Hilton Foundation, Corus International, Decathlon France, Give2Asia, GIZ, GlobalGiving, IDRF Canada, IMC, JDC, MSF, Muslim Charity, Solvay, Together Rising, UMCOR, WHH, World Jewish Relief

Sheltering in IBC Kilis Community Center

Food, blankets, basic needs in Sanliurfa Exhibition Center

Urgent Needs in General:

- Tens of thousands of tents, shelter
- Heaters for the tents, fuel
- Basic first aid kits
- Hygiene and Sanitary Kits (for children and adults); **Diapers**
- Medicine and Medical Equipment

- Blankets & Winter Clothing
- Power banks
- Wheat for Bread Production
- Drinkable water, canned food
- Bedding
- Baby care kits

Even after 12 days, needs in the region are overwhelming. Medical and general evacuations continue to take place; shelter/tents, thermal clothing, heat, water, power supply, and medical aid are still *urgently needed*. The damage done to roads and infrastructure has made many areas simply unlivable. As personnel on the ground are tasked with recovering the deceased and evaluating structural damage, the relief efforts to meet the hundreds of thousands of displaced residents must be scaled up immediately, especially for the most vulnerable women, children, elderly, persons with

International Blue Crescent Relief and Development Foundation (IBC) Friday, 17 February 2023 Situation Report 12 – updated 23:59 (GMT+3)

disabilities, and persons facing protection issues due to legal status in Türkiye. IBC will keep all partners and potential donors appraised of the current situation regularly.

We ask our partners and international civil society members to help us in these tragic days so that together we may overcome the suffering of our people.

International Blue Crescent Relief and Development Foundation (IBC) Friday, 17 February 2023 Situation Report 12 – updated 23:59 (GMT+3)

Medical Needs according to Turkish Ministry of Health – If you can fulfill or support the purchas of any, IBC can collaborate for this:

List of Medical Devices Planned to Purchase											
Name of Medical Device	Provinces										
Name of Medical Device	Adana	Gaziantep	Osmaniye	Malatya	Hatay	Kahramanmaraş	Şanlıurfa	Adıyaman	Diyarbakır	Kilis	Total
Integrated Bedside Monitor (Neonatal, Pediatrio		100	40	100	100	100	60	100	60	40	800
Emergency Stretcher	75	50	20	60	75	75	30	60	30	20	495
Patient Transport Chair / Wheelchair	200	150	50	100	200	200	100	200	100	50	1350
Defibrillator Device	10	10	5	10	10	10	5	10	5	5	80
EKG Device (Electrocardiography)	20	15	10	20	20	20	15	20	15	10	165
Aspirator Device	30	20	10	25	30	25	20	30	25	10	225
Anesthesia Device	4	3	2	4	4	4	2	4	2	1	30
Otoscope / Ophthalmoscope	10	10	5	5	10	10	5	10	5	5	75
Ventilator Device Portable		5	3	5	10	7	5	7	5	3	60
Ventilator Device Adult Intensive Care	40	20	10	25	40	30	15	30	20	10	240
Ventilator Device Neonatal Intensive Care	10	7	4	5	10	7	4	7	4	3	61
Ultrasonography Device	3	2	1	2	3	3	2	3	2	1	22
X-Ray Device Portable	2	2	1	1	2	2	1	2	1	1	15
Glucometer	20	15	5	10	20	15	15	15	15	10	140
infusion pump	100	50	30	50	100	100	50	100	75	25	680
Perfusion Pump	50	20	15	20	50	50	20	50	40	10	325
laryngoscope	30	20	10	20	30	30	20	30	20	10	220
nebulizer	50	50	25	50	75	75	25	75	50	25	500
Oxygen Cylinder	50	40	20	40	50	50	20	40	20	20	350
Thermomether	100	50	25	50	100	100	50	100	100	25	700
C-Arm X-Ray Device	2	2	1	1	2	2	1	2	1	1	15
Dialysis Device	10	10	5	10	15	10	10	10	10	5	95
Transport Incubator	5	5	2	5	5	5	5	5	5	2	44
Incubator	10	10	5	10	10	10	10	10	10	5	90
Patient Bed	150	100	50	100	200	100	50	150	50	50	1000
Patient Warming Device, blanket	5	5	2	5	5	5	5	5	5	2	44
Blood pressure monitor	100	50	25	50	100	100	50	100	100	25	700

General Medical Device Needs List
Portable Bedside Monitor
Newborn Bedside Monitor (Intensive
Care)
Adult Bedside Monitor (Intensive Care)
Integrated Bedside Monitor (Neonatal,
Pediatric, Adult)
Emergency Stretcher
Patient Transport Chair / Wheelchair
Defibrillator Device
EKG Device (Electrocardiography)
Aspirator Device
Anesthesia Device
Othroscope / Ophthalmoscope
Ventilator Device Portable
Ventilator Device Adult Intensive Care
Ventilator Device Neonatal Intensive Care
Ultrasonography Device
X-Ray Device Portable
Glucometer
infusion pump
Perfusion Pump
laryngoscope

General Medical Consumat	oles Requirements
List	
Trauma Board	Tourniquet
Surgical Suture	Foley Probe
Chest Tube	patch
Chest Drainage Set	Urine Catheter
Endotracheal Tube	Ambu Balloon
Oxygen Cannula (Nasal)	Ambu Set
OxyJen Cannula (Mask)	Injector
Serum Set	Skin Staps
IV Stand	Nasgastric Catheter
Stretcher Cover	Bleeding Stoppers
sponge	Laryngeal Mask
ped	Tissue Adhesive
	(Skin/Surgery)
Bandage	Bone Wax
Distilled Water	cautery pen
batikon	Aspiration Set
Hand Sanitizer	ECG Electrode
Collar	Boxing Shirt
Stabilization Materials	Examination Gloves
Plaster/Splint Materials	Surgical Gloves
Heater Balance	Cotton
IV Cannula	Diaper Diaper
Three Way Faucet	Body Bag
Drip Setting Set	Insulin Injection
Blood Donation Set	Injector Needles
airway	Urine Bag
Bacteria Filter	Gauze
Ventilator Breathing	Overshoe
Circuit	
Anesthesia Breathing	Bonnet
Circuit	
Transport Ventilator	Scalpel Bits
Circuit	
Elastic bandage	

Medication Ne	eeds List
Generic code	Generic definition
J0020	Adenozin 5 mg/ml 10 ml IV Flakon
J0021	Adenozin 5 mg/ml 2 ml IV Flakon
J0024	Adrenalin 0.50 mg/ml 1 ml Ampul
J0025	Adrenalin 1 mg/ml 1 ml Ampul
J0091	Alteplaz (plazminojen aktivatörü) 10 mg IV Flakon
J0092	Alteplaz (plazminojen aktivatörü) 20 mg IV Flakon
J0093	Alteplaz (plazminojen aktivatörü) 50 mg IV Flakon
J0158	Amiodaron HCI 150 mg/3 ml IV Ampul
J0269	Asetaminofen (Parasetamol) 10 mg/ml 100 ml Infusion Solusion
J0218	Ampisilin sodyum 1 g + Sulbaktam sodyum 500 mg IM/IV Flakon
J0416	Atropine sulfate 0.25 mg/ml 1 ml Ampul
J0418	Atropine sulfate 0.50 mg/ml 1 ml Ampul
J0604	Budesonid 0.25 mg/ml 2 ml Nebulizer Suspansion
J0605	Budesonid 0.5 mg/ml 2 ml Nebulizer Suspansion
J0419	Atropine sulfate 1 mg/ml 1 ml Ampul
J5384	Centella asiatica 10 mg/g 40 g Merhem
J0636	Bupivakain hidroklorür 5 mg/ml 4 ml Ampul
J6072	Deksketoprofen 25 mg Film Tablet
J0734	Deksametazon sodyum fosfat 4 mg/ml 2 ml Ampul
J5663	Dextrose 10 % 500 ml Solution PE/PP/PVC Bottle for Infusion/Bag for Infusion (Set)
J0774	Dextrose 10 % 500 ml Solution PE/PP/PVC Bottle for Infusion/Bag for Infusion (Without Set)
J0781	Dextrose 20 % 500 ml Solution PE/PP/PVC Bottle for Infusion/Bag for Infusion (Set)
J5697	Dextrose 20 % 500 ml Solution PE/PP/PVC Bottle for Infusion/Bag for Infusion (Without Set)
J5820	Dextrose 3.33 % + Sodium chloride 0.3 % 500 ml Solution PE/PP/PVC Infusion Bottle/Infusion Bag (Set)
J0786	Dextrose 3.33 % + Sodium chloride 0.3 % 500 ml Solution PE/PP/PVC Infusion Bottle/Bag for Infusion (Without Set)
J5701	Dextrose 30 % 500 ml Solution PE/PP/PVC Bottle for Infusion/Bag for Infusion (Set)
J0794	Dextrose 30 % 500 ml Solution PE/PP/PVC Bottle for Infusion/Bag for Infusion (Without Set)
J5659	Dextrose 5 % 500 ml Solution PE/PP/PVC Infusion Bottle/ Bag (Set)
J5660	Dextrose 5 % 500 ml Solution PE/PP/PVC Infusion Bottle/ Bag (Without Set)
J0739	Deksketoprofen 25 mg/ml 2 ml Ampul
J0869	Diazepam 10 mg/2 ml Ampul
J0911	Digoksin 0.5 mg/2 ml Ampul

10020	Dildeferrels and more 75 may /2 and 184 Americal
J0939	Diklofenak sodyum 75 mg/3 ml IM Ampul
J0944	Diltiazem hidroklorür 25 mg IV Ampul
J0963	Dobutamin 250 mg/20 ml 20 ml Ampul/Flakon
J5448	1500 ml Three-Chamber Parenteral Nutrition Solution for Adult Patients,
	Containing Amino Acids, Glucose, Fats and Electrolytes, 80% of Fat Content is
	Olive Oil and 20% is Soybean Oil, Suitable for Peripheral Use
J5452	1500 ml Three-Chamber Parenteral Nutrition Solution for Adult Patients,
	Containing Amino Acids, Glucose, Fats and Electrolytes, 80% of Fat Content is
14402	Olive Oil and 20% is Soybean Oil, Suitable for Central Route Use
J1103	Esmolol hidroklorür 10 mg/ml 250 ml İnfüzyon Solüsyonu
J1022	Efedrin hidroklorür 50 mg/ml 1 ml Ampul
J1228	Feniramin maleat 45.5 mg/2 ml 2 ml IM/IV Ampul
J1316	Flumazenil 0.5 mg/5 ml 5 ml IV Ampul
J1317	Flumazenil 1 mg/10 ml 10 ml IV Ampul
J1617	Gümüş sülfadiazin 1% 40 g Krem
J1618	Gümüş sülfadiazin 1% 400 g Krem
J1634	Hamamelis virginiana distilatı 25 % 30 g Merhem/Pomad
J1636	Hamamelis virginiana distilatı 5.35 % 30 g Krem
J1645	Heparin sodyum 5000 IU/ml 5 ml IV/SC Flakon
J7281	HYPOALLERGEN NUTRITION PRODUCT FOR BABIES BETWEEN 0-6 MONTHS AT
	RISK OF COW MILK ALLERGY 400 GR POWDER FORMULA
J7282	HYPOALLERGEN NUTRITION PRODUCT FOR BABIES FROM 6 MONTHS AT THE
	RISK OF COW MILK ALLERGY 400 GR POWDER FORMULA
J1805	İnsan insülini (Rek. DNA kökenli) 100 IU/ml 10 ml Flakon
J1837	İnsülin glarjin 100 IU/ml 3 ml Enjeksiyon Kalemi/Kartuş
J1424	Furosemid 20 mg/2 ml 2 ml IM/IV Ampul
J2020	Kalsiyum glukonat monohidrat 225 mg/10 ml + Kalsiyum levulinat dihidrat 572
	mg/10 ml 10 ml Ampul
J3399	Lactated Ringer's Solution 1000 ml PE/PP/PVC Bottle for Infusion/Bag for
	Infusion (Set)
J3400	Lactated Ringer's Solution 1000 ml PE/PP/PVC Bottle for Infusion/Bag for
	Infusion (Without Set)
J3404	Lactated Ringer's Solution 500 ml PE/PP/PVC Bottle for Infusion/Bag for
	Infusion (Set)
J5795	Lactated Ringer's Solution 500 ml PE/PP/PVC Bottle for Infusion/Bag for
	Infusion (Without Set)
J2221	Klorpromazin 5 mg/ml 5 ml Ampul
J2379	Lidokain HCl 20 mg/ml 2 ml Ampul
J2380	Lidokain HCl 20 mg/ml 5 ml Ampul
J2472	Magnezyum sülfat 15% 10 ml Ampul
J2573	Metamizol sodyum (Dipiron) 500 mg/ml 2 ml Ampul
J2622	Metilprednizolon sodyum süksinat 250 mg Ampul/Flakon

Metoklopramid HCI 10 mg/2 ml 2 ml Ampul	J2623	Metilprednizolon sodyum süksinat 40 mg Ampul/Flakon

Devastating Earthquakes in Southern Türkiye and Northern Syria

International Blue Crescent Relief and Development Foundation (IBC) Friday, 17 February 2023 Situation Report 12 – updated 23:59 (GMT+3)

Additionally, on February 7th, IBC Cross-Border Programs Manager Mr. Muhammed Assaf and Ridvan Wesim of MSF Doctors without Borders held a meeting in IBC's Gaziantep office with the Chief Physician Dr. Fadıl Ersoy and his team about the health situation in the city of **Kilis.**

The patients' cases were as follows:

Intensive care patient 16.

Service patient 45.

There are currently 40 patients in the emergency department.

The currently death in Kilis 22.

In total, the number of patients who came to the hospital during the earthquake was 480.

The number of patients referred to Kilis is 120, and the referrals are from provinces close to Kilis (Hatay, Gaziantep, İslahiye, Kırıkhan, Nurdağı).

The most important medical and logistical needs of the hospital in **Kilis** are:

Medical need:

Baby diapers
Back board for 10 adults
1000 pieces of isotonic 1000
1000 pieces of isotonic 500
Diazem amp 200 pcs
Dextrose 5% and 10%-500 pcs each
Dextrose 20%- 150 pcs
Dextrose 30%-150 pcs
5% dex + 0.45 NACL 500 pcs
5% dex 500 – 1000 pcs

Logistics:

pad cups 5000 pcs
Plastic cutlery 5000 pieces
Plastic plate 5000 pcs
Heater – ufo 10 pcs
Chair is for waiting 100 patients in tent
Blanket 100 pcs
Uncooked food packet for 1000 people
water small 5000pcs.
