## Inclusive Livelihoods – Way forward

## Inclusive Livelihoods – Overview PRT/LH

- 2018/2019: LH mapping of services -> to increase PRT partner awareness of livelihood services and eligibility for referral
- 2020: LH partners engage in protection risk analysis exercise
- Strengthen referrals using the IA referral tools -> LH partners trained on referral minimum standards and report on Inter-Agency Service Mapping & referral monitoring platform (2020)
- IA CFM minimum standards shared with partners and LH partners report on CFM mapping 2020
- To explore and promote provision of livelihoods services for GBV survivors, women and persons with disability
- 2021: LH/PRT sector discussion on PWSN inclusion in livelihoods activities
- Approach:
  - PRT-> LH referrals for caregivers with children at risk of CL/EM & single women/FHH due to socio-economic vulnerability;
  - Small adaptations by LH partners enhance access for moderate disabilities;
  - Advocate for funding for specific programs for persons who require more dedicated adaptations

## 2022

[illegible]

## Inclusive Livelihoods Opportunities for 2022

- Gender mainstreaming and women's participation guidelines in livelihoods (UN Women & UNDP)
- Tracking intake of caregivers of children engaged in child labor (CPWG) -> indicators for labor intensive projects to be reported by partners
- PRT sector review of outreach, identification & selection of beneficiary document
- Maintain reporting on Inter-Agency Service Mapping, Referral Monitoring Platform & PRT to conduct referral orientation session for livelihood partners (Quarterly)
