Smart Class Project with Roma People

- 20/25 children are able to write their name
Only 1 child knew the letters from the beginning of the project
- 2 children are able to read short stories
Children had not been to a school in Ukraine
- Children wakes up by themselves and get ready to come to Smart Class before 9 am
They used to sleep until noon and spend all day in a pajama
- Some parents are interested in their own learning opportunities
In addition to support their children to go to Smart Class in the morning, they are also interested in to learn at Smart Class
- Collaboration with other NGOs
6 NGOs and Glodeni regional authorities work together to prioritize the educational activity and to encourage children and parents
