

This infographic presents information on individuals registered through Individual Registration and Receptions in the Population Registration and Management Ecosystem (**PRIMES**) through June 30, 2023. The data presents demographic and geographic information, the identification of Specific Protection Needs (SPNs), and the assistance provided by UNHCR and its partners to people with and for whom UNHCR works.

Number of registered individuals

54% of the cases registered in PRIMES are women.

Total individuals
913,368²

■ Women
■ Men

Age ranges³

The average age of people registered in PRIMES is 18 - 59 years old.

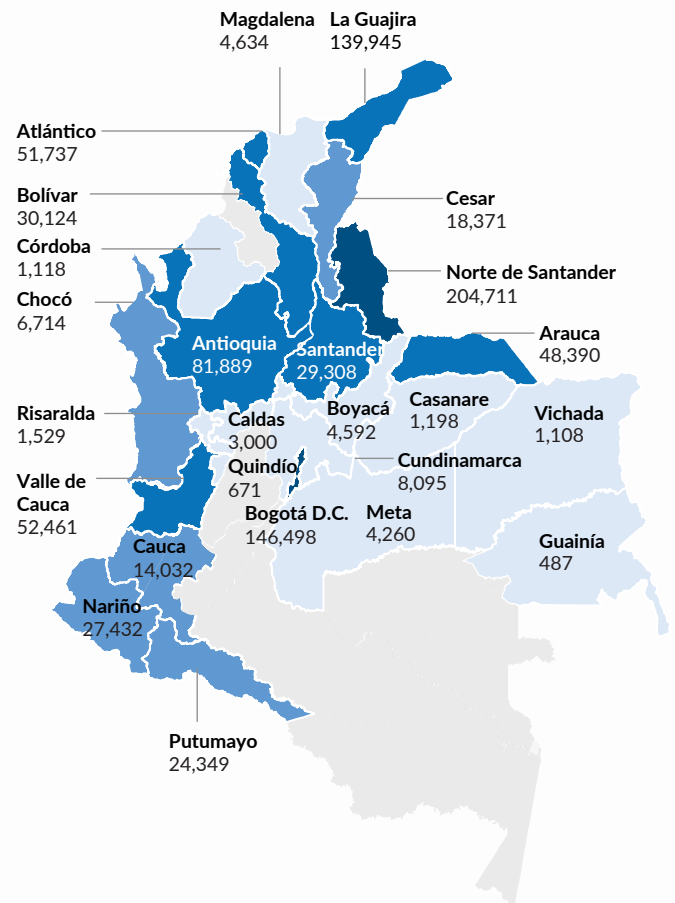

Age ranges of individual registrations

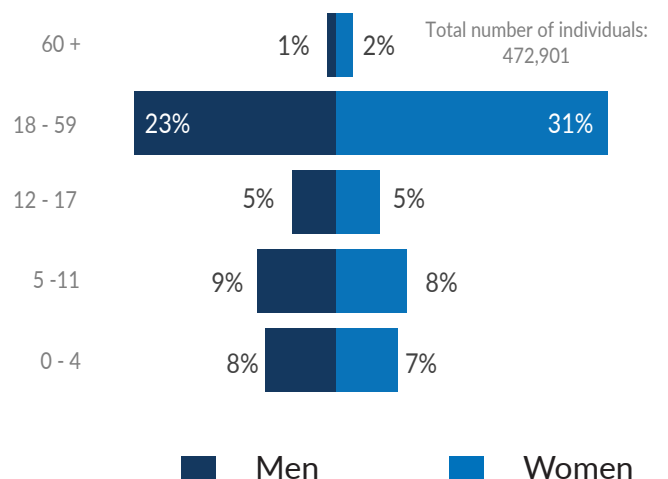

Age ranges of focal point receptions

Map 1: Geographic distribution of registrations by department

Age ranges of receptions - including the family

¹ Note: Data are for cumulative figures from 2018 and through June 30, 2023.

² Not all information disaggregated by sex and age is available for all individuals.

³ Calculated from the information available from individual registrants and receptions (focal point and family group).

Evolution of PRIMES registrations

Number of individuals registered annually between 2018 - 2023

Number of individuals registered monthly between April and June 2023

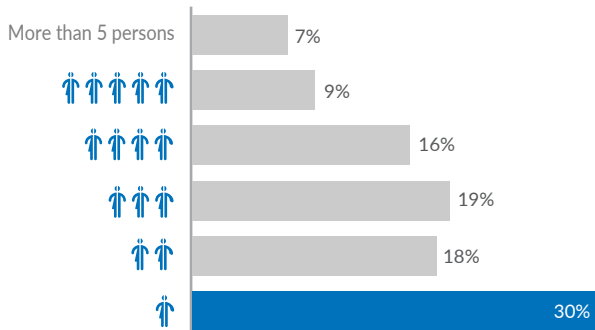

73%

of total registrations in PRIMES have been made between 2021 and the second quarter of 2023.

Average group size and country of origin⁴

More than **50%** of the registration groups are comprised of 1 to 3 persons.

Most people report Venezuela as their country of origin, followed by Colombia.

PRIMES partners and users in 2023⁵

24

partners use the PRIMES ecosystem

18 regional partners and 6 national partners use the PRIMES ecosystem through **358 active users**.

PRIMES users

⁴ In the Receptions Entity we only have information of the Focal Point's country of origin. On this occasion, we worked with the size of the reception groups and assumed that the other members of the group have the same country of origin as the focal point.

⁵ Partners: Aldeas Infantiles SOS, Bethany, Colectiva Justicia Mujer, Comfenalco Antioquia, Corporación Ayuda Humanitaria, Corprodinco, Fundación de Atención al Migrante (FAMIG), Fundación ProBono, Fundación RENACER, HIAS, Opción Legal, Pastoral Social Apartadó, Pastoral Social Arauca, Pastoral Social Barranquilla, Pastoral Social Guajira, Pastoral Social Ipiales, Pastoral Social Puerto Carreño, Pastoral Social Soacha, Pastoral Social Tibú, Pastoral Social Tunja, Pastoral Social Villavicencio, Save the Children, Secretariado Nacional de Pastoral Social (SNPS), SEDECOM.

Guidance and assistance provided⁶

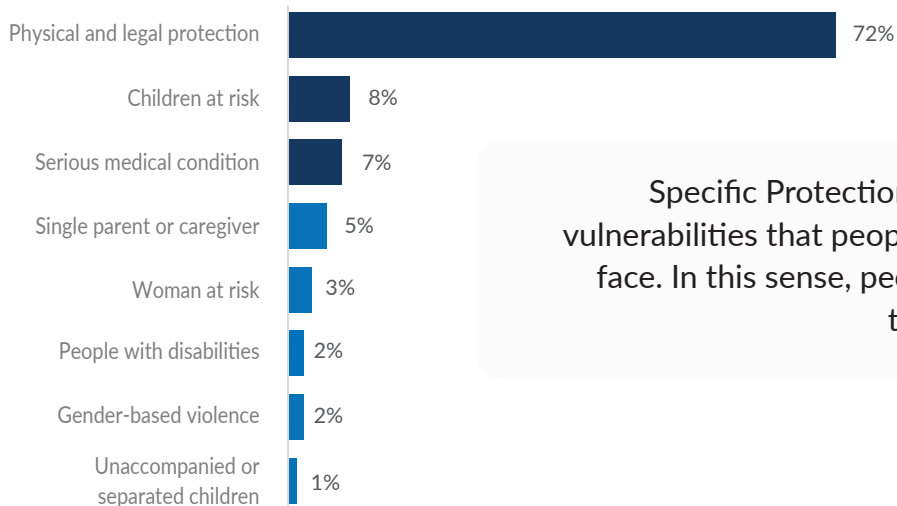

Communication categories

30% of the orientations provided are related to information requests about humanitarian assistance, followed by registration requests (**24%**).

Specific Protection Needs (SPNs)

SPNs categories

Specific Protection Needs enable the identification of the vulnerabilities that people present and the protection risks they face. In this sense, people may have one or several SPNs, and these may change during a given period.

Main subcategories of SPNs registered in PRIMES

Among the total number of SPNS, **29%** are related unmet basic needs, with difficulties in achieving an adequate standard of living, including access to food, clothing, housing, water, sanitation and healthcare. **26%** are related to do not have legal documentation, meaning that they either do not possess any documentation or are in an irregular situation; some might be at risk of statelessness.

-  **29%** Unmet basic needs
-  **26%** Without legal documentation
-  **13%** Without access to services
-  **7%** Children at risk of not attending school
-  **4%** Father/mother/or single caregiver in charge of the household

⁶ Communication statistics refers to the number of communications received and not to the individuals or groups represented in the communications.
