- **Two Referrals:**

*1- As requested by the North Iqlim el Kharroub Union of municipalities, the community support project includes the installation of Solar Streetlights in strategic roads in the municipalities that fall under the aforementioned Union of municipalities. The distribution of the solar streetlights is as follows: Jadra (126), Mghayrieh (110), Aanout (180), Barja (1000), Daraya (280), Alman (150), Dalhoun (320), Rmeile (184), Jiye (200), Werdeniye (160), Baaseer (300), Burjeyn (150), Chhim (300), Daher Meghara (65).*

*2- "As requested by the Ministry of social affair, the community support project consists of replacing the batteries and relevant controllers for the existing streetlights on the road connecting costal Chouf with the upper chouf till Deir el Amar ( The concerned municipalities are Damour, Mechref, Dmit, Kfar Him, and Deir El-Qamar). It is important to highlight that the existing solar streetlight system consists of a led lamp, solar panel, a battery, and a controller each. A total of 150 batteries and 150 controllers are required to ensure an appropriate function of the solar streetlight system in the aforementioned road. "*
