As refugee children from Ukraine return to school across the region, Sophia (9) is looking forward to starting 5th grade at her school in Dobrich, Bulgaria. Sophia, her mother, older brother, and father arrived in Bulgaria on 1 March 2022 from Kyiv. Since the start of the full-scale war in February 2022, a considerable part of Ukraine’s child population has been forced to flee to other countries, or is newly displaced inside Ukraine, affecting over 5 million children, resulting in a uniquely complex range of challenges with regard to access to education for children and youth from Ukraine.

UNHCR RESPONSE HIGHLIGHTS

- Border monitoring: In the past two weeks, UNHCR partners Right to Protection, NEEKA and The Tenth of April conducted 117 monitoring visits, to the border crossing points with Poland, Slovakia, Hungary, Romania and Moldova. During the monitoring visits 464 people received protection counselling, 98 people received legal assistance, social accompaniment was provided to 12 people and transportation services to nine people.

- Coordination: On September 6 - 7 September, a forum for IDP councils from Khersonska, Dnipropetrovska, Donetska and Zaporizka oblasts was held in Dnipro, organized by local partner Stabilization Support Services through support from UNHCR. The event was attended by approximately 100 representatives of councils of IDPs, the local administration, charitable foundations, and NGOs to explore solutions for IDPs, as well as inclusion within host communities.

- GBV: UNHCR partner Intersos delivered a five-day GBV case management training session with local authorities from Odesa, Mykolaivska, Kirovohradska, and Cherkaska oblasts, along with UNHCR’s local partner the Tenth of April. The training included specifics relating to case management for male survivors of GBV, and survivors with disabilities.

- Prevention of trafficking: Together with IOM and Right to Protection, UNHCR delivered a training to State Border Guard Service staff in Chernivsti, Lviv, and Lutsk on the prevention of and response to human trafficking, and the identification of children at risk, and the application of relevant referral mechanisms.

Housing/NFIs:

- CCCM: In Uzhhorod, 105 IDPs who were living in collective sites in educational facilities moved into a newly renovated centre managed by the Department of Social Policy, and for which UNHCR and partners provided furniture and NFIs. The centre has capacity for 128 IDPs and will allow educational facilities to resume their original function.

- Collective site refurbishment: In Mukachevo in Zakarpatska oblast, UNHCR provided construction materials, including tiles, paint, cement, flooring, doors, and panels to support the rehabilitation of an IDP collective site, benefitting 28 individuals.

- Housing: In the city of Kharkiv, UNHCR finalized durable repair works on 12 houses, allowing families to remain or return to their homes.
Humanitarian convoys: As part of a recent inter-agency convoy to Vovchansk, in Kharkiv region, in close proximity to the border with Russia on 6 September, UNHCR provided 1,000 bed linen sets and 600 solar lamps to people whose houses were damaged by shelling.

Non-Food Items: During the reporting period in Kyiv and Zhytomyr oblasts, 354 recently arriving IDP households received core-relief items such as kitchen sets, water canisters, LED lamps, hygiene kits, pillows, mattresses, blankets, towels, bed linen, and blankets as part of a distribution conducted by UNHCR partner Right to Protection. The distribution addresses the basic needs of vulnerable households.

Winter assistance: In cooperation with local NGO Peremoha, 9,000 items of clothing and 650 pairs of shoes were distributed to vulnerable IDPs in Boryspil, in Kyiv oblast.

COORDINATION

UKRAINE

In Ukraine, UNHCR leads three Clusters, namely Camp Coordination and Camp Management (CCCM), Protection, and Shelter and Non-Food Items (NFI). The CCCM Cluster was activated in March 2022 and coordinates eleven UN and NGO partners across three hubs, with the aim of supporting 400,000 people in collective sites in 2023. The Protection Cluster consists of 136 partners, including sub-clusters (57 partners under General Protection) and operates through five coordination hubs to reach an anticipated 7 million people in 2023. The Shelter and NFI Cluster coordinates 97 active partners across five coordination hubs, targeting 3.3 million people in 2023 with NFI kits, emergency shelter and housing repairs. UNHCR also co-chairs the Protection Strategy Working Group under the Humanitarian Country Team, and the Accountability to Affected Populations Working Group. Through its leadership in these areas, UNHCR promotes the centrality of protection, as well as meaningful engagement and participation across the response.

REGIONAL REFUGEE RESPONSE

The 2023 RRP aims to ensure refugees’ access to protection and assistance on a non-discriminatory basis, with a particular focus on refugees at risk of becoming vulnerable. The 2023 plan also places an emphasis on refugees’ socioeconomic inclusion, in recognition of the challenges faced by refugees due to their prolonged displacement. Support is foreseen to institutions, services and facilities used both by refugees and members of host communities, which remain crucial for promoting solidarity and social cohesion between refugee and host communities. Inter-agency Refugee Coordination Forums led by UNHCR, as well as specific sectoral groups, will continue working at country level in Belarus, Bulgaria, Estonia, the Czech Republic, Hungary, Latvia, Lithuania, Poland, the Republic of Moldova, Romania, and Slovakia to support the efforts of the concerned governments.
