REFUGEE SUPPORT OVERVIEW
Key Achievements and Reach

Regional Refugee Response Plan
For the Ukraine Situation

Under the **2025** Regional Refugee Response Plan (RRP), **42 partners** appealed under the plan to provide humanitarian assistance to refugees fleeing from Ukraine and to provide multi-sectoral support to authorities in the response to the refugee situation. The **42 appealing partners** are working in a coordinated way with other NGO and CSO partners, local authorities and academia to provide a comprehensive support model to refugees in Romania. The figures in this dashboard are reflective of the support that is being reported to the RRP coordination structure. The figures represent a non-exhaustive list of achievements by partners – both appealing partners and operational partners of the RRP.

*Funding figures as of the 2025 Q4 - Quarterly Financial Report.
**The number of individuals reached is an estimate and may include double counting. The calculation method involves selecting the highest number reached per sector for each county and then summing these county-level figures.
***Targets reflect planned needs. However, due to funding shortfalls and related implementation constraints, some of these targets were not expected to be achieved.**
